# Authorization for Placement
## Glendale, AZ

I, Rick St John, am an authorized representative of City of Glendale ("Owner"), which owns properties and buildings located

- ☐ Nationally, across the United States
- ☐ Regionally, throughout _____
- ☒ As indicated on the attached property list

SST, Inc is the owner and manufacturer of sensor equipment that is used as part of an alarm system which will contribute to neighborhood safety The electronic sensor is in an air filter sized container, with antenna and radio, to be mounted in an pole/structure and will be connected to a network via a cellular data modem The equipment uses less than 6 total watts of power SST, Inc has found that Owner's properties are often good locations to place a sensor to assist local public safety

SST, Inc will keep private the fact of the emplaced sensor, and we understand that this is law enforcement sensitive information and cannot be disclosed under any circumstances

**I hereby grant SST, Inc., and its agents, employees and contractors, permission to place a sensor on any of Owner's properties, as identified above, and to enter on to those properties at reasonable times and with reasonable notice for purposes of installing and maintaining the sensor, and for the use of electricity, with no cost associated to SST** My signature below certifies that I have the legal authority to give this permission

If we wish to revoke this permission, I must give 60 days notice to SST, Inc by notifying **support@shotspotter.com** Under no circumstances will we consider the sensor to be a fixed feature on the property – the sensor will always be owned and maintained by SST, Inc

SST, Inc shall indemnify and hold harmless the owner for injuries to persons and damage to property, to the extent caused by acts or omissions in the installation, placement, and/or maintenance of the sensor by SST, Inc employees or contractors, and SST, Inc shall defend claims or suits by third parties against the owner for such injuries or damage, to the extent caused by acts or omissions in the installation, placement, and/or maintenance of the sensor by SST, Inc employees or contractors Provided, however, that SST's total aggregate liability to indemnify, hold harmless and defend the owner under this provision shall be limited to, and in no event shall exceed, the amount of ShotSpotter's liability insurance coverage for such injuries, damage and liabilities
