SCOPE OF SERVICES
EXHIBIT "A"

EXHIBIT A
SCOPE OF SERVICES

1. The Scope of Services and the type of records that must be maintained are two elements of a Subrecipient Contract that vary most from activity to activity, and from grantee to grantee.
2. Agencies are required to prepare a Scope of Services, which is incorporated into the Subrecipient Contract with the City of Glendale. Each of the three sections of the Scope of Services (Description, Schedule, and Budget) must provide sufficient detail to permit effective monitoring of Agency's activities.
 - 2.1 Description: The description section details the activities to be carried out by the Agency. It should define the "who, what, where, and how" of the Program. It should specifically describe and quantify the services or products to be provided with City of Glendale funds. Where appropriate, it should specify how the Program will serve the intended beneficiaries.
 - 2.2 Schedule: A schedule is a required part of every Subrecipient Contract. It plays an essential role in the grant management system. The schedule should provide projected milestones and deadlines for accomplishment of tasks, or the delivery of services. These projected milestones and deadlines are a basis for measuring progress during the term of the Subrecipient Contract. For instance, the schedule for a public service activity may specify delivery of a certain number of staff-hours per quarter, or delivery of services to a certain number of persons per quarter. Other programs are likely to be more complex, requiring multiple tasks such as: establishing an office, developing program guidelines, taking applications, providing services to the client, outreach activities, and follow up. The schedule should include time frames for completing each task or activity.
 - 2.3 Budget:
 - a. The budget should provide a detailed presentation of projected revenues and expenses. The preparation of a detailed budget will help ensure that a project is adequately planned, in that, it will identify all expenses that are necessary to carry out the activities described in the program description, and quantify the resources required to cover these expenses.
 - b. The budget permits periodic comparisons of the projected use of funds with actual expenditures, as indicated on the monthly accomplishment reports submitted by the grantee. This comparison enables the City to seek corrective action where significant variations between the budget and actual expenditures are reported.

No portion of the assistance provided under this Agreement is approved for acquisition or construction purposes as defined under Section 3(a) of said Act, for use in any area identified by the Secretary as having special flood hazards, which is located in a community not then in compliance with the requirements for participation in the national flood insurance program pursuant to Section 201(d) of said Act; and the use of any assistance provided under this Agreement for such acquisition or construction in such identified areas in communities then participating in the national flood insurance program will be subject to the mandatory purchase of flood insurance requirements of Section 102(a) of said Act.

9.2 Any contract or agreement for the sale, lease, or other transfer of land acquired, cleared, or improved with assistance provided under this Agreement shall contain, if such land is located in an area identified by the Secretary as having special flood hazards and in which the sale of flood insurance has been made available under the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4001 et seq., provisions obligating the transferee and its successors or assigns to obtain and maintain, during the ownership of such land, such flood insurance required with respect to financial assistance for acquisition or construction purposes under Section 102(2) of Flood Disaster Protection Act of 1973. Such provisions will be required notwithstanding the fact that the construction of such land is not itself funded with assistance under this Agreement.

10. **Compliance with Environmental laws.**

10.1 This Agreement is subject to the requirements of the Clean Air Act, as amended, 42 U.S.C. 1857 et seq.; the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.; and the regulations of the Environmental Protection Agency with respect thereto, at 40 CFR Part 15, as amended from time to time.

 - d. Agreement by the contractor that he will include or cause to be included the criteria and requirements in paragraphs (a) through (d) of this section in every nonexempt subcontract and requiring the contractor to take such action as the Government may direct as means of enforcing such provisions.
 - e. In no event will any amount of the assistance provided under this Agreement be utilized with respect to a facility that has given rise to a conviction under Section 113(c)(1) of the Clean Air Act or Section 309(c) of the Federal Water Pollution Control Act.

The City must take into account the effect of a project on any district, site, building, structure, or object listed in or found by the Secretary of the Interior, pursuant to 35 CFR Part 800, to be eligible for inclusion in the National Register of Historic Places, maintained by the National Park Service of the U. S. Department of the Interior, and must make every effort to eliminate or minimize any adverse effect on a historic property.
- 12. Historic Barriers.** This Agreement is subject to the requirements of the Architectural Barriers Act of 1968 (42 U.S.C. 4151) and its regulations. 1. BACKGROUND

On December 26, 2013, the Office of Management and Budget (OMB) published (at 78 Federal Register 78590; <https://federalregister.gov/a/2013-30465>) final guidance on the above subject, which is codified at 2 CFR part 200. OMB and the Federal awardmaking agencies published a joint interim final rule implementing the final guidance as requirements for recipients of Federal financial assistance on December 19, 2014 (at 79 Federal Register 75871; <https://www.federalregister.gov/articles/2014/12/19/2014-28697/federal-awarding-agency-regulatory-implementation-of-office-of-management-and-budgets-uniform>). OMB also made technical corrections to part 200.

The purpose of 2 CFR part 200 is to streamline the Federal government’s guidance on administrative requirements, cost principles, and audit requirements to more effectively focus Federal resources on improving performance and outcomes, while ensuring the financial integrity of taxpayer dollars in partnership with non-Federal stakeholders. The uniform guidance supersedes, consolidates, and streamlines requirements from eight OMB Circulars:

- A-21, *Cost Principles for Educational Institutions*,
- A-87, *Cost Principles for State, Local and Indian Tribal Governments*,
- A-89, *Catalog of Federal Domestic Assistance*,
- A-102, *Grants and Cooperative Agreements With State and Local Governments*,
- A-110, *Uniform Administrative Requirements for Grants and Other Agreements with Institutions of Higher Education, Hospitals and Other Non-Profit Organizations*,
- A-122, *Cost Principles for Non-Profit Organizations*,
- A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and
- The guidance in OMB Circular A-50, *Audit Followup*, on Single Audit Act follow-up.

HUD adopted this guidance at a new part, 2 CFR part 2400. The uniform guidance also removed: 2 CFR parts 215, 220, 225, and 230. HUD amended 24 CFR parts 84 and 85, which had codified OMB Circulars superseded by 2 CFR part 200, by removing all substantive provisions and including a saving provision that provides that Federal awards made prior to December 26, 2014, will continue to be governed by parts 84 or 85 as codified in the 2013 edition of the Code of Federal Regulations (CFR) or as provided under the terms of the Federal award.

Major Reforms and Policy Changes

The policy reforms brought about by OMB's consideration of public comments and efforts to streamline federal grant-making processes are identified as the following:

- Eliminate duplicative/conflicting guidance;
- Focus on performance over compliance for accountability;
- Encourage efficient use of information technology (IT)/shared services;
- Provide for consistent treatment of costs;
- Limit allowable costs for the best use of Federal resources;
- Incorporate standard business processes using data definitions;
- Strengthen oversight; and
- Target audit requirements on risk of waste, fraud, and abuse.

In addition to the consolidation of the OMB Circulars, major audit changes include the following:

- The Single Audit threshold is raised from \$500,000 to \$750,000, which eliminates the need for more than 5,000 audits, with a cost savings estimated at \$250 million;
- The questioned cost limit in Single Audits is raised from \$10,000 to \$25,000;
- Assessment of government-wide audit quality is to be conducted every six years (beginning in 2018).

The uniform guidance, which provides a government-wide framework for grants management, is designed to reduce administrative burden for non-Federal entities receiving Federal awards.

2. EFFECTIVE DATE AND APPLICABILITY TO HUD

The uniform guidance was applicable for Federal agencies, including HUD, effective December 26, 2013. Federal agencies, including HUD, adopted 2 CFR part 200 as requirements for Federal financial assistance programs by the interim final rule published December 19, 2014. It was made applicable to non-Federal entities (recipients of Federal financial assistance) effective December 26, 2014, with one exception: §200.110(a) was revised to give a one-year grace period for implementation of the procurement standards. As will be detailed in the 2015 OMB Compliance Supplement, non-Federal entities choosing to delay implementation for the procurement standards will need to specify in their documented policies and procedures that they continue to comply with OMB Circulars A-87 or A-110 for one additional fiscal year which begins after December 26, 2014. For example, the first full fiscal year for a non-Federal entity with a June 30th year would be the year ending June 30, 2016. See also the General Transition Rules section of this Notice.

3. PURPOSE

The purpose of this Notice is to identify and explain significant changes made in 2 CFR part 200, and provide transition guidance and links to additional resource materials for HUD and its grant program stakeholders and other recipients of Federal financial assistance from HUD. This Notice is broken out by the six subparts in 2 CFR part 200:

- Subpart A – *Acronyms and Definitions*;
- Subpart B – *General Provisions*;
- Subpart C – *Pre-Federal Award Requirements and Contents of Federal Awards*;
- Subpart D – *Post-Federal Award Requirements*;
- Subpart E – *Cost Principles*; and
- Subpart F – *Audit Requirements*.

Appendix A of this Notice provides the table of contents for 2 CFR part 200. HUD highly recommends that recipients familiarize themselves with 2 CFR part 200 in its entirety. This Notice is intended to highlight major changes and topical areas that may apply across all HUD programs or be of general interest.

4. SUBPART A – ACRONYMS AND DEFINITIONS: HIGHLIGHTS

Subpart A of 2 CFR part 200 lists definitions and acronyms for key terms found throughout the uniform guidance. Each definition is in its own section so that the reader can look at the table of contents to see defined terms. Since the uniform guidance originated in eight different Circulars, there are numerous conforming changes made to provide consistency for the terms used. In particular, part 200 uses “non-Federal entity” and “pass-through entity.” “Non-Federal entity” means a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization that carries out a Federal award as a recipient or subrecipient. “Pass-through entity” means a non-Federal entity that provides a subaward to a subrecipient to carry out part of a Federal program.

Policy decisions are reflected in some definitions, including: §200.18, *Cognizant agency for audit*, §200.23, *Contractor*, §200.33, *Equipment*, §200.73, *Oversight agency for audit*, and §200.94, *Supplies*. Section 13.b of this Notice provides a link to a crosswalk developed by OMB from the existing OMB Circulars to the final uniform guidance in 2 CFR part 200.

Definition of Indian Tribe: The definition of Indian tribe in §200.54 differs from the definition in the Native American Housing Assistance and Self-Determination Act (NAHASDA) (25 U.S.C. 4013, et seq.). The definition of Indian tribe in §200.54 has no effect on programs with statutory definitions of “Indian tribe.”

5. SUBPART B – GENERAL PROVISIONS: HIGHLIGHTS

Subpart B covers general provisions, including the basic purpose of 2 CFR part 200 and its applicability to different types of Federal awards to non-Federal entities, and states that

Federal agencies, including HUD, may apply subparts A-E to for-profit entities. Exceptions to the applicability of the rule are listed in 2 CFR 200.101(d) and (e) and 2 CFR 200.102. This subpart makes clear that part 200 does not supersede any existing or future authority under law or by executive order or the Federal Acquisition Regulation (FAR). As an example, for public housing, the disposition statute at Section 18 of the U.S. Housing Act of 1937 (42 U.S.C. 1437p) supersedes the disposition instructions in §200.311(c). Subpart B also covers Authorities, Effect on other issuances, Agency implementation, OMB responsibilities, Inquiries, Effective date, English language, Conflict of interest, and Mandatory disclosures. Highlights are discussed below.

Applicability: Section 200.101 includes a table that summarizes how the guidance applies to types of Federal awards. This table must be read along with the other provisions of section 200.101:

The following portions of Part 200:	Are applicable to the following types of Federal Awards (except as noted in paragraphs (d) and (e) of section 200.101):	Are NOT applicable to the following types of Federal Awards:
Subpart A—Acronyms and Definitions.	—All.	
Subpart B—General Provisions, except for §§200.111 English Language, 200.112 Conflict of Interest, 200.113.Mandatory disclosures	—All.

Subparts C–D, except for Subrecipient Monitoring and Management.	—Grant agreements and cooperative agreements	<ul style="list-style-type: none"> —Agreements for: loans, loan guarantees, interest subsidies, and insurance. —Cost-reimbursement contracts awarded under the Federal Acquisition Regulation and cost-reimbursement subcontracts under these contracts. —Fixed-price contracts and subcontracts awarded under the Federal Acquisition Regulation whenever cost analysis is performed or the contract requires the determination or negotiation of costs.

Subpart F— Audit Requirements.	—All.	

Exceptions:

- Section 200.102(a) allows OMB to make exceptions to 2 CFR part 200 for certain classes of Federal awards or for certain non-Federal entities, but only in unusual circumstances and if such exceptions are not prohibited by law. Where the provisions of Federal statutes or regulations differ from the provisions of part 200, the provisions of the Federal statutes or regulations take precedence.
- Section 200.102(b) allows HUD to make certain exceptions on a case-by-case basis except where otherwise required by law or where OMB or other approval is expressly required by 2 CFR part 200. Under §200.102(c), HUD may apply more restrictive requirements to a class of Federal awards or non-Federal entities when approved by OMB or required by Federal statutes or regulations. HUD may also apply less restrictive requirements when making fixed amount awards as defined in Subpart A, §200.45.
- Exemptions from Subpart F, Audit Requirements, are not permitted under any circumstances.

English Language: Section 200.111 makes clear that all HUD financial assistance announcements, HUD award information (e.g., Notices of Funding Availability), and applications must be in the English language. Non-Federal entities may translate the Federal award and other documents into another language, however, in the event of any inconsistency, the English language meaning would control. Where a significant portion of the non-Federal entity's employees working on the award are not fluent in English, the non-Federal entity must provide the HUD award in English and the language(s) with which the employees are more familiar.

Conflict of Interest: Section 200.112 requires HUD to establish conflict of interest policies for Federal awards and requires non-Federal entities to disclose in writing any potential conflict of interest to HUD or the pass-through entity in accordance with HUD's policy. The general procurement standards in §200.318 require non-Federal entities to maintain written standards of conduct covering conflicts of interest, including organizational conflicts of interest. "Organizational conflicts of interest" means that, because of relationships with a parent company, affiliate, or subsidiary organization, the non-Federal entity is unable or appears to be unable to be impartial in conducting a procurement action involving a related organization.

6. SUBPART C – PRE-FEDERAL AWARD REQUIREMENTS AND CONTENTS OF FEDERAL AWARDS: HIGHLIGHTS

Subpart C prescribes the instructions and other pre-award information to be used in the funding announcement and application process.

Selecting the Instrument for Award: Section 200.201 requires the Federal awarding agency or pass-through entity to decide on the appropriate instrument for the Federal award (i.e., grant agreement, cooperative agreement, or Federal contract under the Federal Acquisition Regulation) in accordance with the Federal Grant and Cooperative Agreement Act (31 U.S.C. 6301-08). The program statute or pass-through entity may have another name for

the document (e.g., annual contributions contract), but the choice is limited to these three instruments, in accordance with the Federal Grant and Cooperative Agreement Act.

Fixed Amount Awards: Section 200.201(b) allows for “fixed amount” awards under which the amount is negotiated using the cost principles (or other pricing information) as a guide. Fixed amount awards generally may be used if the project scope is specific and if adequate cost, historical, or unit pricing data are available to establish a fixed amount award based on a reasonable estimate of actual cost. Accountability is based on performance. There is no governmental review of the actual costs incurred by the non-Federal entity in performance of the award. Payments may be based on milestones, on a unit price basis, or in a single payment upon completion of the Federal award. The non-Federal entity is required to provide a certification regarding completion. Periodic reports may be required.

Funding Announcements and Award Agreements: Sections 200.202, 200.203, 200.210, and Appendix I require funding opportunities to be available for at least 60 days and impose standard requirements on HUD’s notices of funding opportunities, on application requirements, and Federal award requirements. HUD will include with each Federal award any program-specific or other terms and conditions, and will share both the general and the program-specific or other requirements on a public website and in Notices of Funding Availability (NOFAs).

Risk-Based Awards: Sections 200.204 and 200.205 require Federal agencies to design and execute a merit review process for competitive applications using a risk-based approach that relies, in part, on HUD review of OMB-designated repositories of government-wide eligibility qualification or financial integrity information (such as the Federal Awardee Performance and Integrity Information System (FAPIS), “Do Not Pay” lists, etc.)¹. This assessment can include, for example:

- financial stability,
- the quality of management systems and ability to meet the management standards in 2 CFR part 200,
- history of performance,
- reports and findings from audits, and
- the applicant’s ability to effectively implement statutory, regulatory, or other requirements, and debarment and suspension guidelines.

HUD must also comply with the debarment and suspension guidelines in 2 CFR part 180.

¹ FAPIS is a database that has been established to track contractor misconduct and performance. The database contains Federal contractor criminal, civil, and administrative proceedings in connection with federal awards; suspensions and debarments; administrative agreements issued in lieu of suspension or debarment; non-responsibility determinations; contracts terminated for fault; defective pricing determinations; and past performance evaluations (see: <https://www.fapis.gov/fapis/index.jsp>). The “Do Not Pay” Business Center was developed for programs administered and/or funded by the Federal government to help prevent, reduce and stop improper payments while protecting citizens' privacy, and partner with agencies to identify potential fraud, waste, and abuse while protecting citizens' privacy (see: <http://donotpay.treas.gov/index.htm>).

Section 200.207 authorizes Federal agencies and pass-through entities to impose additional specific award conditions on applicants or recipients who have a history of failure to comply with terms and conditions, or failure to meet performance goals, or are not otherwise responsible. The conditions include requiring reimbursements rather than advance payments, requiring additional, more detailed reports, additional monitoring, etc. If such additional requirements are imposed, HUD or the pass-through entity must notify the applicant or non-Federal entity as to the nature of, and reasons for, the requirements, actions needed, and timeframe, if applicable. Special conditions must be promptly removed once the causal conditions have been corrected.

7. SUBPART D – POST-FEDERAL AWARD REQUIREMENTS: HIGHLIGHTS

Subpart D describes the requirements standards for managing and administering HUD awards. It includes standards for financial and program management, property and procurement standards, performance and financial monitoring and reporting, subrecipient monitoring and management, record retention and access, remedies for noncompliance, the provisions of the Federal Funding and Accountability Transparency Act (FFATA)² and closeout. NOTE: There will be exceptions to the items listed below and they will be published by regulation. See also Section 5 of this Notice.

Performance Measurement: Section 200.301 requires, as appropriate and in accordance with OMB information collection requirements, recipients to relate financial data to performance accomplishments of the Federal award and provide cost information to demonstrate cost effective practices (e.g., through unit cost data). This is in line with the shift in 2 CFR part 200 from compliance to performance. It also requires Federal agencies to use only OMB-approved forms for performance reports. Non-Federal entities must comply with FFATA. A recipient's performance should be measured in a way that will help HUD and other non-Federal entities improve program outcomes, share lessons learned, and spread the adoption of promising practices.

Internal Controls and Protected Personally Identifiable Information: Section 200.303 sets forth requirements for internal controls. This section reflects requirements that were previously in the A-133 audit requirements. It also addresses the non-Federal entity's responsibilities to take reasonable measures to safeguard protected personally identifiable information and other information designated as sensitive by the Federal awarding agency or the pass-through entity, consistent with applicable Federal, state and local laws regarding privacy and obligations of confidentiality.

Payment: Section 200.305 describes cash management requirements applicable to states and other non-Federal entities to minimize the time elapsed between agencies' advance

² FFATA, signed September 26, 2006, requires information on Federal awards (Federal financial assistance and expenditures) to be made available to the public via a single, searchable website, which is www.USASpending.gov. The intent is to empower every American with the ability to hold the government accountable for each spending decision. The end result is to reduce wasteful spending in the government. Amendments to FFATA have expanded its scope. See also <https://www.fsrs.gov/>.

payments of funds to the non-Federal entity and the entity's disbursement of funds for direct program or project costs.

Interest Earned on Federal Advances: Section 200.305(b)(8) requires non-Federal entities to maintain advance Federal payments in interest-bearing accounts (with some exceptions). Interest amounts up to \$500 per year may be retained by the non-Federal entity for administrative expenses. Under §200.303(b)(9), interest earned in excess of \$500 must be remitted annually to the Department of Health and Human Services' Payment Management System (either electronically through the system, or by check to the Department of Health and Human Services to the Treasury-approved lockbox: HHS Program Support Center, P.O. Box 530231, Atlanta, GA 30353-0231).

Program Income: Section 200.307 generally encourages recipients to earn income to offset program costs. This section has several provisions that include, but are not limited to, the following:

- Proceeds from the sale of property or equipment are not program income; such proceeds will be handled in accordance with the requirements of §200.311, *Real property*, and §200.313, *Equipment*, or as specifically identified in Federal statutes, regulations, or the terms and conditions of the Federal award.
- If the Federal awarding agency does not specify in its regulations or the terms and conditions of its award, or give prior approval for how program income is to be used, then, ordinarily, program income must be deducted from total allowable costs to determine the net costs. Program income must be used for current costs unless HUD authorizes otherwise. Program income that the recipient did not anticipate at time of the Federal award must be used to reduce the award rather than to increase the funds committed to the project.

Revision of Budget and Program Plans: Section 200.308 requires, among other things, recipients to obtain Federal agency approvals for budget and program or project scope revisions.

Property Standards: Sections 200.310-200.316 set forth standards for real property, equipment, supplies, and intangible property. The regulations cover title, insurance, property trust relationships, and disposition. When real property is no longer needed for the originally authorized purpose, the non-Federal entity must obtain disposition instructions from HUD that provides for: 1) retention of title after compensation to HUD, 2) sale of the property and compensation to HUD, or 3) transfer of title to HUD or a third party approved or designated by HUD.

Procurement: §§200.317- 200.326 cover procurement standards. The standards are generally consistent with the requirements in 24 CFR part 85 for all non-Federal entities. For governmental recipients, the regulations have not substantially changed.

- The regulations require non-Federal entities to maintain written standards of conduct covering conflicts of interest, including organizational conflicts of interest, and governing the performance of their employees engaged in the selection, award and administration of contracts. "Organizational conflicts of interest" means that,

because of relationships with a parent company, affiliate, or subsidiary organization, the non-Federal entity is unable or appears to be unable to be impartial in conducting a procurement action involving a related organization (§200.318(c)(2)).

- The non-Federal entity's procurement procedures must be designed to avoid acquisition of unnecessary or duplicative items and the non-Federal entity is encouraged to enter into intergovernmental or inter-entity agreements to procure or use common goods and services (§200.318(d) and (e)).
- Non-Federal entities, in conducting procurements, must conduct them in a manner providing full and open competition and are prohibited from using state or local geographical preferences in evaluating bids or proposals (except where applicable Federal statutes expressly mandate or encourage geographical preferences, such as HUD's Section 3 requirements in 24 CFR part 135) (§200.319).
- Methods of procurement now include a micro-purchase option, which is the acquisition of supplies or services that do not exceed \$3,000 (or \$2,000 for acquisitions for construction subject to the Davis-Bacon Act) (§200.320(a)).
- "Supplies" includes computing devices if the acquisition cost was less than the lesser of the capitalization level established by a non-Federal entity for financial statement purposes or \$5,000, regardless of the length of their useful life (§200.94).
- The Simplified Acquisition Threshold for small purchase procedures, which are those relatively simple and informal procurement methods for securing services, supplies or other property, is now \$150,000. If small purchase procedures are used, price or rate quotations must be obtained from an adequate number of qualified sources. The Simplified Acquisition Threshold is set by the Federal Acquisition Regulation (FAR) at 48 CFR Subpart 2.1 and will be periodically adjusted for inflation (§200.88 and §200.320(b)).
- The non-Federal entity's contracts must contain certain provisions which are included in Appendix II of 2 CFR part 200 (§200.326).
- Non-Federal entities have one full fiscal year after the effective date to comply with the revised procurements standards (see *Implementation Dates* in the December 19, 2014, Federal Register at <https://www.federalregister.gov/articles/2014/12/19/2014-28697/federal-awarding-agency-regulatory-implementation-of-office-of-management-and-budgets-uniform>).

Bonding Requirements: Section 200.325 permits the Federal agency to accept the recipient's bonding policy and requirements if the Federal agency has determined that the Federal interest is adequately protected, and if not, the minimum requirements (abbreviated) are as follows:

- A bid guarantee equal to five percent of the bid price.
- A performance bond on the part of the contractor for 100 percent of the contract price. A "performance bond" is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.
- A payment bond on the part of the contractor for 100 percent of the contract price. A "payment bond" is one executed in connection with a contract to assure payment

as required by law of all persons supplying labor and materials in the execution of the work provided for in the contract.

Performance and Financial Monitoring and Reporting: Sections 200.327-328 address the frequency, standards, and OMB approval requirements for agency collection of recipient performance and financial data and monitoring of recipient performance.

Real Property Reporting: Section 200.329 requires annual reporting on real property for which there is a Federal interest, but permits an option for various and less stringent multi-year reporting periods where the Federal interest extends beyond 15 years.

Subrecipient or Contractor: Section 200.330 provides guidance for determining whether an entity is a subrecipient or contractor, in order to apply the appropriate oversight of the Federal funds.

Requirements for Pass-Through Entities: Section 200.331 requires pass-through entities to comply with certain requirements in order to meet their own responsibility to the Federal awarding agency. Many of these requirements were in OMB Circular A-133. Pass-through entities are required to identify certain, clearly identified subaward information. This includes an indirect cost rate if the subrecipient has indirect costs. Pass-through entities must consider risks associated with subawards. The evaluation of a subrecipient's risk of noncompliance with Federal statutes and regulations is used to determine the appropriate level of subrecipient monitoring. Specific subrecipient monitoring tools are outlined, giving pass-through entities flexibility to adjust their oversight framework based on that consideration of risk.

Record Retention: Section 200.333 continues the existing record retention period of generally three years, with some exceptions and caveats. Federal agencies and non-Federal entities should, whenever practicable, collect, transmit and store Federal award-related information in machine-readable formats instead of closed formats or on paper.

Remedies for Noncompliance: Sections 200.338-200.342 cover remedies for noncompliance, including termination and notices of termination. Section 200.338 permits conditions to be imposed on the award if the non-Federal entity fails to comply with the requirements of the award. Previously, only pre-award conditions were authorized.

Closeout: Section 200.343 describes specific closeout actions that are required for all Federal awards at the end of the period of performance and should be completed no later than one year after receipt and acceptance of all required final reports. The non-Federal entity must submit all required final reports within 90 days after the end of the period of performance. The period of performance, defined at §200.77, means from the start to the end dates in the Federal award.

Post-closeout Adjustments and Continuing Responsibilities: Section 200.344 limits the period during which any post-closeout adjustments can be made. The Federal awarding agency or pass-through entity must make any cost disallowance determination and notify

the non-Federal entity within the record retention period. However, amounts due can be collected after this period.

8. SUBPART E – COST PRINCIPLES: HIGHLIGHTS

Subpart E covers the principles that must be used in determining the allowable costs of work performed by a non-Federal entity under a Federal award and in the pricing of fixed-price contracts and subcontracts where costs are used in determining the appropriate prices. It covers exemptions (§200.401(c)) and basic considerations (§§200.402-200.411). The application of the cost principles should require no significant changes in the internal accounting policies and practices of non-Federal entities. The Basic Considerations for costs are largely unchanged. Changes have been made to some select items of cost.

Profit: Section 200.400(g) states that non-Federal entities may not earn or keep any profit resulting from the Federal financial assistance (unless explicitly authorized by the terms and conditions of the Federal award). This is not new.

Prior Approval: In recognition of the difficulty in determining the reasonableness and allocability of certain items of cost, non-Federal entities may seek the prior written approval of the cognizant agency for indirect costs or the Federal awarding agency in advance of incurring unusual or special costs. Prior approval is specifically required for allowability under certain circumstances as described in §200.407.

Direct Costs: Direct costs are covered in §200.413. This section is largely unchanged from previous OMB cost principles.

- Direct costs are identified specifically with the Federal award or can be easily and accurately assigned to activities of the award. Typical direct costs include employee compensation, fringe benefits, materials and other items attributable to the award.
- If directly related to a specific award, certain costs that would otherwise be included with an indirect cost rate can be direct charged, such as extraordinary utility consumption, cost of materials supplied from stock or services from specialized facilities or other institutional service operations.

Indirect Costs: Indirect costs are addressed in §200.414. This section is largely unchanged from previous OMB cost principles.

- Negotiated indirect cost rates must be accepted by all Federal awarding agencies unless certain conditions are met. A Federal awarding agency must implement and make publicly available (e.g., via the Federal Register) the policies, procedures, and general decision-making criteria the programs would follow in seeking and justifying deviations from negotiated rates.
- Pass-through entities must accept a federally recognized indirect cost rate between a subrecipient and the Federal government or, if no such rate exists, either negotiate a rate between the entity and the subrecipient or establish a de minimis indirect cost rate (see also §200.331(a)(4)).

- If a non-Federal entity has never received a negotiated indirect cost rate, it may elect to charge a de minimis rate of 10% of modified total direct costs (MTDC) as defined in §200.68, which may be used indefinitely (§200.414(f)). (Exceptions for some non-Federal entities are listed in Appendix VII, paragraph (d)(1)(B).)
- Non-Federal entities that are able to allocate and charge 100% of their costs directly may continue to do so. Charging the Federal award for indirect costs is never mandatory; a non-Federal entity may conclude that the amount it would recover thereby would be immaterial and not worth the effort needed to obtain it.
- Non-Federal entities that have a federally negotiated indirect cost rate may apply for a one-time extension of the current rate for a period up to four years, subject to the review and approval of the cognizant agency for indirect costs. At the end of the four-year extension period, the non-Federal entity must negotiate a rate. This rate may be extended.

Certifications: Section 200.415 addresses certifications, which are required to be submitted with annual and final fiscal reports, vouchers for payment, and proposals to establish a cost allocation plan or indirect cost rate. Specific language is included acknowledging the statutory consequences of false certifications.

Special Considerations: Special considerations for states, local governments, and Indian tribes for identification and assignment of central service costs are included in §§200.416 and 200.417. Special considerations for institutions of higher education are covered in §§200.418 and 200.419.

General Provisions for Selected Items of Cost: General provisions for 56 selected items of cost are covered in §§200.420-200.475; this section uses language from three Circulars, A-21 (2 CFR part 220), A-87 (2 CFR part 225), and A-122 (2 CFR part 230). These principles apply whether a particular item is properly treated as either a direct or indirect cost. These selected items include two additions (§200.428, *Collections of Improper Payments*, and §200.440, *Exchange Rates*), some changed provisions (including the deletion of *Communications*, which OMB thought could be addressed through “Basic Considerations,” §§200.402 – 200.411), and some clarifications.

- Audit Services: Any costs when audits required by the Single Audit Act have not been conducted or costs of auditing grantees or recipients that are not required to have a single audit are not allowable (§200.425). This provision was in OMB Circular A-133.
- Collections of Improper Payments: Costs of recipients to recover improper payments may be charged as direct or indirect, and may be used in accordance with cash management standards described in §200.305 (§200.428).
- Compensation – Personal Services: §200.430 requires non-Federal entities to maintain a strong system of internal controls over their records to justify costs of salaries and wages and provides additional flexibility in the processes they use to meet these standards.
- Conferences: Allowable conference costs paid by non-Federal entities must be necessary and reasonable for successful performance under the award and may include facilities rentals, speakers’ fees, costs of meals and refreshments, local

transportation, and other incidental items, unless further restricted by the terms and conditions of the Federal award (§200.432).

- Contingency Provisions: Contingency definitions, allowances, and disallowances are set forth in §200.433.
- Fines, Penalties, Damages, and Other Settlements: Costs resulting from a recipient's violations of, alleged violations of, or failure to follow Federal, State, local, tribal, or foreign laws or regulations are unallowable (§200.441).
- Lobbying: The cost to influence activities associated with obtaining grants, contracts, cooperative agreements or loans is unallowable (§200.450).
- Organization Costs: Costs for items such as incorporation fees, attorneys, or accountants in connection with establishment or reorganization of an entity are unallowable except with prior approval of the Federal awarding agency (§200.455).
- Pre-award Costs: Are only allowable to the extent that they would have been approved if incurred after the date of the Federal award and only with prior approval of the Federal awarding agency (§200.458).

9. SUBPART F – AUDIT REQUIREMENTS: HIGHLIGHTS

Subpart F sets forth the standards for audits of non-Federal entities expending Federal awards.

Increased Audit Threshold: One of the significant changes is the raised threshold which requires a non-Federal entity to have a single or program-specific audit conducted for any year in which the non-Federal entity expends \$750,000 or more (up from \$500,000) (§200.501(a)).

Making Audits Publicly Available: Auditees must make copies of their audit available for public inspection, ensuring that protected personally identifiable information is not included. Audit reports must be submitted to the Federal Audit Clearinghouse (FAC) and all Federal agencies, pass-through entities, and others interested in an audit report must obtain it from the FAC. Indian tribes may opt out of authorizing the FAC to publish the reporting package on the Web, but are then responsible for providing the reporting package directly to any affected pass-through entities and also making it available for public inspection (§200.512(b)(2)).

Federal Agency Responsibilities: §200.513 requires Federal agencies, including HUD, to:

- Appoint a Single Audit Accountable Official (SAAO) and a Single Audit Liaison;
- Participate in a government-wide project to determine the quality of single audits;
- Use cooperative audit resolution mechanisms to improve Federal program outcomes through better audit resolution follow-up and corrective action; and
- Develop a baseline, metrics, and targets to track, over time, the effectiveness of the Federal agency's process to follow up on audit findings and the effectiveness of Single Audits in improving non-Federal agency accountability and their use in making award decisions.

Audits and GAGAS: Audits must be conducted in accordance with Generally Accepted Government Auditing Standards (GAGAS) (§200.514(a)).

Higher Threshold for Known Questioned Costs: The threshold for known questioned costs has been increased to \$25,000 from \$10,000. As before, in evaluating the effect of questioned costs on its opinion on compliance, the auditor must consider the best estimate of total costs questioned (likely questioned costs), not just the questioned costs specifically identified (known questioned costs). The higher threshold amount is also used in several related aspects of auditing (§200.516(a)).

Major Program Determinations and Low-Risk Auditees: Changes have been made to the auditor's risk-based approach for determining which Federal programs are major programs (§200.518). Auditees that meet the criteria for a low-risk auditee are eligible for reduced audit coverage (§200.520).

Transition Guidance: To ensure the uniform application of the requirements of Subpart F for all Federal programs, the requirements will be effective for audits of fiscal years starting December 26, 2014, or later. These revised audit requirements are not applicable to fiscal years beginning before that date.

10. 2 CFR PART 200 APPENDICES: A BRIEF DESCRIPTION

2 CFR part 200 contains 11 Appendices, briefly described here:

- Appendix I: This Appendix provides the full text of the notice of funding opportunities as required by §200.203, along with application and submission information, application review information, Federal award administration information, and Federal awarding agency contact(s) requirements.
- Appendix II: This Appendix contains required contract provisions for all contracts made by a non-Federal entity under a Federal award. The description of each provision should be sufficient for a non-Federal entity to determine if the provision needs to be included in a specific contract.
- Appendix III: This Appendix provides criteria for identifying and computing indirect cost rates at institutions of higher education (IHEs).
- Appendix IV: This Appendix provides guidance for identifying and assigning indirect costs and making rate determinations for nonprofit organizations.
- Appendix V: This Appendix provides guidance on a process for state and local governments to identify and assign central service costs to benefitted activities on a reasonable and consistent basis.
- Appendix VI: This Appendix extends requirements by the Department of Health and Human Services (HHS) on developing, documenting, submitting, negotiating, and approving public assistance cost allocation plans to all Federal agencies whose

programs are administered by a state public assistance agency. (Most such programs are funded by HHS; few, if any, are funded by HUD.)

- Appendix VII: This Appendix provides guidance to state and local governments and Indian tribes on developing, submitting and documenting indirect cost rate proposals.
- Appendix VIII: This Appendix lists those nonprofit organizations that are exempted from the requirements of Subpart E, *Cost Principles*.
- Appendix IX: This Appendix makes clear that existing principles at 45 CFR Part 74 Appendix E, *Principles for Determining Cost Applicable to Research and Development under Grants and Contracts with Hospitals*, remains in effect until OMB implements revised guidance for hospitals.
- Appendix X: This Appendix states that the Data Collection Form SF-SAC for Single Audits is available on the Federal Audit Clearinghouse (FAC) website. The FAC website address <http://harvester.census.gov/sac/>, given in §200.36, *Federal Audit Clearinghouse (FAC)*, for accessing the FAC, was valid as of the issuance of this Notice.
- Appendix XI: This Appendix states that the audit compliance supplement for Single Audits cited by §200.21, *Compliance supplement*, is available on OMB's website, and provides an address (<http://www.whitehouse.gov/omb/circulars>) that was valid for accessing the supplement as of the issuance of this Notice.

11. GENERAL TRANSITION RULES

HUD's regulations adopting the requirements of 2 CFR part 200 for HUD programs were published in the Federal Register on December 19, 2014

(<https://www.federalregister.gov/articles/2014/12/19/2014-28697/federal-awarding-agency-regulatory-implementation-of-office-of-management-and-budgets-uniform>).

Questions have been raised about the applicability of these requirements. The following applies:

- Federal awards made before December 26, 2014, will continue to be governed by the terms and conditions of the Federal award. The grant agreements for some HUD programs (e.g., Community Development Block Grant, HOME Investment Partnerships, Emergency Solutions Grants, Indian Housing Block Grants, Native Hawaiian Block Grants, Indian Community Development Block Grants) incorporate the regulations "as now in effect and as may be amended from time to time" and, therefore, 2 CFR part 200 will be applicable to these grants.
- New Federal awards made on or after December 26, 2014, are governed by 2 CFR part 200, including formula awards.

- For Federal agencies that consider incremental funding action on previously made awards to be opportunities to change award terms and conditions, 2 CFR part 200 applies to the first funding increment issued on or after December 26, 2014, and any subsequent funding increment. Awards made before then that have been modified on or after that date in ways that do not increase the funding amount (such as a no-cost extension, or more frequent reporting) will continue to be governed by the terms and conditions of the Federal award. As a result, 2 CFR part 200 will not apply to such awards unless there is another requirement that makes that part apply to them.
- For Federal agency incremental funding actions that are subject to 2 CFR part 200, non-Federal entities are not obligated to segregate or otherwise track old funds and new funds but may do so at their discretion. For example, a non-Federal entity may track the old funds and continue to apply the Federal award flexibilities to the funding awarded under the old rules (e.g., local ability to issue fixed price subawards, non-Federal entity determination of the need to incur administrative and clerical salaries based on major project classification).
- For Federal awards made with modified award terms and conditions at the time of incremental funding actions, Federal awarding agencies may apply 2 CFR part 200 to the entire Federal award that is uncommitted or unobligated as of the Federal award date of the first increment received on or after December 26, 2014.
- Existing negotiated indirect cost rates will remain in place until they are due to be re-negotiated. HUD and indirect cost negotiating agencies will use 2 CFR part 200, both in generating proposals and negotiating new rates (when the rate is due to be re-negotiated) for non-Federal entities' fiscal years that start on or after December 26, 2014.
- The effective date of 2 CFR part 200 for subawards is the same as the effective date of 2 CFR part 200 for the Federal award from which the subaward is made. The requirements for a subaward, no matter when made, flow from the requirements of the original Federal award from the Federal awarding agency.
- Subpart F, Audit requirements, applies to audits of non-Federal entity fiscal years beginning on or after December 26, 2014. The revised audit requirements are not applicable to fiscal years beginning before that date.

OMB provided additional guidance on the effective dates in its Frequently Asked Questions updated November 2014:

Q.110-13 (Previously Q II-2) Effective Dates and Federal Awards Made Previously

Will this apply only to awards made after the effective date, or does it apply to awards made earlier?

- Once the Uniform Guidance goes into effect for non-Federal entities, it will apply to Federal awards or funding increments after that date, in cases where the Federal agency considers funding increments to be an opportunity to modify the terms and conditions

of the Federal award. It will not retroactively change the terms and conditions for funds a non-Federal entity has already received.

•We would anticipate that for many of the changes, non-Federal entities with both old and new awards may make changes to their entity-wide policies (for example to payroll or procurement systems). Practically speaking, these changes would impact their existing/older awards. Non-Federal entities wishing to implement entity-wide system changes to comply with the Uniform Guidance after the effective date of December 26, 2014 will not be penalized for doing so.

12. CONFORMING PROGRAM REGULATIONS AND GUIDANCE

HUD will publish conforming rule changes for its programs and will provide notification of these changes when they are made. These changes will update the program regulations to revise the sections that refer to the OMB Circulars and HUD regulations in 24 CFR parts 84 and 85, as well as to reflect the provisions of 2 CFR part 200 that are not applicable because they are inconsistent with a program statute or because OMB has given an exception to specific requirements.

HUD recognizes that there may be uncertainty pending publication of the conforming program regulations. The provisions of 2 CFR part 200 apply, consistent with the exceptions given to the HUD program for requirements which are detailed in the 2013 edition of the Code of Federal Regulations in 2 CFR parts 215, 220, 225, and 230, 24 CFR parts 84 and 85, and OMB Circulars. HUD will notify recipients through program regulations, grants or cooperative agreements, or other guidance, which subparts are applicable to specific programs.³

Additional upcoming training and/or guidance by COFAR will be publicized on its website; recipients of Federal financial assistance, and their subrecipients and contractors, are encouraged to periodically check <https://cfo.gov/cofar/>. HUD is also planning program-specific guidance and additional training, including an on-line financial management curriculum that integrates and highlights the requirements of 2 CFR part 200, and will provide notification of such when developed. In addition, we have established an internal Frequently Asked Questions (FAQ) Outlook mailbox in the Grants Management and Oversight Division of the Office of Strategic Planning and Management to which HUD employees may address implementation questions. Questions can be sent to the email address: **2 CFR 200 Administrative Requirements@hud.gov**.

15. CONTACTS FOR QUESTIONS

Questions from grant recipients, subrecipients and contractors should be directed to their HUD Headquarters or Field Office contacts, Government Technical Representatives (GTRs) or Government Technical Monitors (GTMs).

**CONTRACTING WITH SMALL AND MINORITY FIRMS,
WOMEN'S BUSINESS ENTERPRISES AND LABOR SURPLUS AREA FIRMS**

1. It is a national policy to award a fair share of contracts to small and minority business firms. Accordingly, affirmative steps must be taken to assure that small and minority businesses are utilized when possible as sources of supplies, equipment, construction, and services. Affirmative steps will include the following:
 - 1.1 Qualified small and minority businesses on solicitation lists.
 - 1.2 Assuring that small and minority businesses are solicited whenever they are potential sources, and to the greatest extent possible that these businesses are located within the metropolitan area.
 - 1.3 When economically feasible, dividing total requirements into smaller tasks or quantities so as to permit maximum small and minority business participation.
 - 1.4 Where the requirement permits, establish delivery schedules which will encourage participation by small minority businesses.
 - 1.5 Using the services and assistance of the Small Business Administration, and the Office of Minority Business Enterprises of the Department of Commerce and the Community Services Administration as required.
 - 1.6 If any subcontracts are to be let, requiring the prime contractor to take the affirmative steps in §§ 1.1 through 1.5. Grantees will take similar appropriate action in support of women's enterprises.
 - 1.7 To the greatest extent feasible, opportunities for training and employment will be given to low and moderate income persons residing within the metropolitan area.
2. The above-described equal opportunity requirements are obligations of the City of Glendale because federal funds are being utilized to finance the Project to which this Project pertains.
3. In executing any contract, the Agency agrees to comply with the requirements and to provide appropriate documentation at the request of the City.
