- 4.3 **Allowances.** An "Allowance" may be identified in Exhibit D only for work that is required by the Scope and the value of which cannot reasonably be quantified at the time of this Agreement.

- a. As stated in Sec. 4.1 above, the Compensation must incorporate all Allowance amounts identified in Exhibit D and any unused allowance at the completion of the Project will remain with City.
- b. Consultant may not add any mark-up for work identified as an Allowance and which is to be performed by a Subconsultant.
- c. Consultant will not use any portion of an Allowance without prior written authorization from the City.

- a. Mileage, airfare, lodging and other travel expenses will be reimbursable only to the extent these would, if incurred, be reimbursed to City of Glendale personnel under its policies and procedures for business travel expense reimbursement made available to Consultant for review prior to the Agreement's execution, and which policies and procedures will be furnished to Consultant;
- b. The Reimbursable Expenses in this section are approved in advance by City in writing; and

- a. If the Payment Application is rejected, the Project Manager will issue a written listing of the items not approved for payment.

- b. City may withhold an amount sufficient to pay expenses that City reasonably expects to incur in correcting the deficiency or deficiencies rejected for payment.

**6. Termination.**

6.1 **For Convenience.** City may terminate this Agreement for convenience, without cause, by delivering a written termination notice stating the effective termination date, which may not be less than 15 days following the date of delivery.

- b. If City's direct damages exceed amounts otherwise due to Consultant, Consultant must pay the difference to City immediately upon demand; however, Consultant will not be subject to consequential damages more than \$1,000,000 or the amount of this Agreement, whichever is greater.

7. **Conflict.** Consultant acknowledges this Agreement is subject to A.R.S. § 38-511, which allows for cancellation of this Agreement in the event any person who is significantly involved in initiating, negotiating, securing, drafting, or creating the Agreement on City's behalf is also an employee, agent, or consultant of any other party to this Agreement.

8. **Insurance.** For the duration of the term of this Agreement, Consultant shall procure and maintain insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of all tasks or work necessary to complete the Project as herein defined. Such insurance shall cover Consultant, its agent(s), representative(s), employee(s) and any subcontractors.

8.1 **Minimum Scope and Limit of Insurance.** Coverage must be at least as broad as:

- a. **Commercial General Liability (CGL):** Insurance Services Office Form CG 00 01, including products and completed operations, with limits of no less than \$1,000,000 per occurrence for bodily injury, personal injury, and property damage. To the fullest extent permitted by law, Consultant must defend, indemnify, and hold harmless City and its elected officials, officers, employees and agents (each, an "Indemnified Party," collectively, the "Indemnified Parties") for, from, and against any and all claims, demands, actions, damages, judgments, settlements, personal injury (including sickness, disease, death, and bodily harm), property damage (including loss of use), infringement, governmental action and all other losses and expenses, including attorneys' fees and litigation expenses (each, a "Demand or Expense" collectively "Demands or Expenses") asserted by a third-party (i.e. a person or entity other than City or Consultant) and that arises out of or results from the breach of this Agreement by the Consultant or the Consultant's negligent actions, errors or omissions (including any Subconsultant or Subcontractor or other person or firm employed by Consultant), whether sustained before or after completion of the Project.
- b. This indemnity and hold harmless provision applies even if a Demand or Expense is in part due to the Indemnified Party's negligence or breach of a responsibility under this Agreement, but in that event, Consultant will be liable only to the extent the Demand or Expense results from the negligence or breach of a responsibility of Consultant or of any person or entity for whom Consultant is responsible.
- c. Consultant is not required to indemnify any Indemnified Parties for, from, or against any Demand or Expense resulting from the Indemnified Party's sole negligence or other fault solely attributable to the Indemnified Party.

8.3 **Other Insurance Provisions.** The insurance policies required by the Section above must contain, or be endorsed to contain the following insurance provisions:

- a. **The City, its officers, officials, employees and volunteers are to be covered as additional insureds** of the CGL and automobile policies for any liability arising from or in connection with the performance of all tasks or work necessary to complete the Project as herein defined. Such liability may arise, but is not limited to, liability for materials, parts or equipment furnished in connection with any tasks, or work performed by Consultant or on its behalf and for liability arising from automobiles owned, leased, hired or borrowed on behalf of the Consultant. General liability coverage can be provided in the form of an endorsement to the Consultant's existing insurance policies, provided such endorsement is at least as broad as ISO Form CG 20 10, 11 85 or both CG 20 10 and CG 23 37, if later revisions are used.
- b. For any claims related to this Project, the **Consultant's insurance coverage shall be primary insurance** with respect to the City, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by the City, its officers, officials, employees or volunteers shall be in excess of the Consultant's insurance and shall not contribute with it.
- c. Each insurance policy required by this Section shall provide that coverage shall not be canceled, except after providing notice to the City.

8.4 **Acceptability of Insurers.** Insurance is to be placed with insurers with a current A.M. Best rating of no less than A: VII, unless the Consultant has obtained prior approval from the City stating that a non-conforming insurer is acceptable to the City.

8.5 **Waiver of Subrogation.** Consultant hereby agrees to waive its rights of subrogation which any insurer may acquire from Consultant by virtue of the payment of any loss. Consultant agrees to obtain any endorsement that may be necessary to effect this waiver of subrogation. 8.6 **Verification of Coverage.** Within 15 days of the Effective Date of this Agreement, Consultant shall furnish the City with original certificates and amendatory endorsements, or copies of any applicable insurance language making the coverage required by this Agreement effective. All certificates and endorsements must be received and approved by the City before work commences. Failure to obtain, submit or secure the City's approval of the required insurance policies, certificates or endorsements prior to the City's agreement that work may commence shall not waive the Consultant's obligations to obtain and verify insurance coverage as otherwise provided in this Section. The City reserves the right to require complete, certified copies of all required insurance policies, including any endorsements or amendments, required by this Agreement at any time during the Term stated herein.

Consultant's failure to obtain, submit or secure the City's approval of the required insurance policies, certificates or endorsements shall not be considered a Force Majeure or defense for any failure by the Consultant to comply with the terms and conditions of the Agreement, including any schedule for performance or completion of the Project.

8.7 **Subcontractors.** Consultant shall require and shall verify that all subcontractors maintain insurance meeting all requirements of this Agreement.

9. **E-verify, Records and Audits.** To the extent applicable under A.R.S. § 41-4401, the Consultant warrant their compliance and that of its subconsultants with all federal immigration laws and regulations that relate to their employees and compliance with the E-verify requirements under A.R.S. § 23-214(A). The Consultant or subconsultant's breach of this warranty shall be deemed a material breach of the Agreement and may result in the termination of the Agreement by the City under the terms of this Agreement. The City retains the legal right to randomly inspect the papers and records of the other party to ensure that the other party is complying with the above-mentioned warranty. The Consultant and subconsultant warrant to keep their respective papers and records open for random inspection during normal business hours by the other party. The parties shall cooperate with the City's random inspections, including granting the inspecting party entry rights onto their respective properties to perform the random inspections and waiving their respective rights to keep such papers and records confidential.

10. **No Boycott of Israel.** The Parties agree that they are not currently engaged in, and agree that for the duration of the Agreement they will not engage in, a boycott of Israel, as that term is defined in A.R.S. §35-393.

**PROJECT**

**161707-NORTHERN PARKWAY EROSION IMPROVEMENTS  
ANALYSIS, RECOMMENDATIONS & DESIGN**

The project is located in west Glendale at the intersection of Northern Parkway and Sarival Avenue. Northern Parkway is an East-West mid-section line roadway, (at the project location), and is classified as an enhanced arterial street in the City's 2005 General Plan amendment. The existing corridor is a divided two-lane two-way uncurbed roadway.

This portion of the parkway has experienced excessive erosion on its slopes between the on & off ramps and the main roadway, and adjacent to the Sarival Road underpass. The main purpose of this project is to provide analysis and recommendations for addressing the erosion issue then designing the selected alternative into a set of improvement plans.

**SCOPE OF WORK**

**Project Description**

The project is located in west Glendale at the intersection of Northern Parkway and Sarival Avenue. Northern Parkway is an East-West mid-section line roadway, (at the project location), and is classified as an enhanced arterial street in the City's 2005 General Plan amendment. The existing corridor is a divided two-lane two-way uncurbed roadway.

This portion of the parkway has experienced excessive erosion on its slopes between the on & off ramps and the main roadway, and adjacent to the Sarival Road underpass. The main purpose of this project is to provide analysis and recommendations for addressing the erosion issue and then designing the selected alternative into a set of improvement plans and specifications to be bid out.

**City Responsibility**

The City of Glendale shall assume responsibility for the following:

- Provide the Consultant with copies of as-built plan sheets of the project area.
- Provide the Consultant public utility quarter section maps and as-built drawings, right-of-way quarter section maps, and City topographic maps, if available.
- Provide the Consultant with their latest aerial mapping and aerial photography of the project limits.
- Provide the Consultant with CAD files, if available, from the Northern Parkway Paving Plans.

**Standards and Procedures**

All design and construction shall conform with the latest MAG Standard Details and Specifications and the City's current Engineering Design and Construction Standards.

**1. Data Research**

The Consultant will collect and research available utility maps, as-built plans, geotechnical reports, etc.

**2. Coordination**

**A. Coordination with the City**

The Consultant will coordinate this project with City staff, in particular the project manager. Coordination meetings will be held as necessary between the Consultant and City staff. Interim communications will be maintained via telephone or e-mail. It is anticipated that there will be three (3) meetings with City staff.

**B. Utility Coordination**

The only existing utility facilities expected within the project corridor are for landscape irrigation, electrical/lighting and storm drainage. No coordination meetings with utility companies are anticipated.

**3. Field Survey and Field Visits**

A field survey will be completed as part of this project. The limited survey will typically be within the landscaped area to back of curb; to back of sidewalk; and to face of wall of the Northern Parkway on and off ramps and eroded areas adjacent to Sarival Avenue. Two (2) field visits are anticipated to verify the extents of the existing issues along the roadside corridor.

**4. Alternatives Analysis & Recommendations**

Based on findings of the survey and field visit, methods for erosion control will be evaluated and presented with pros and cons. If there is a clearly advantageous alternative, that alternative will be recommended. Entellus will work

with the City Project Manager to determine the alternative to be implemented. Possible solutions could include slope ditches (if accepting concentrated flows), slope paving, or enhanced slope stabilization.

5. Final Design and Construction Drawings of Selected Alternative

Entellus will prepare right-of-way Grading and Drainage-Roadside Erosion Control improvement plans for the project limits. Preparation will be as outlined in Chapter 2 of the City of Glendale Engineering Standards. These sheets will be 1" = 40'scale or 1" = 20'plan view only, and will include applicable construction notes for all proposed erosion control measures. Landscape and associated irrigation restoration requirements to reinstall impacted landscape will be provided.

No drainage report or other analysis will be performed as part of this project.

6. Post Design Services

A. Bidding Support

Entellus will answer questions from bidders and issue document clarifications as needed during the bid process.

B. Field Visits / RFI's / Submittal Reviews

Entellus will make field visits when requested to respond to RFI's during construction, respond to questions, provide clarifications and supplemental sketches, and review material submittals during construction as needed.
