EXHIBIT A
SCOPE OF ACTIVITY
EMERGENCY SOLUTIONS GRANT
(ACTIVITY TYPE: RRH)
FY 2016-2017

A. Subrecipient Name.

A New Leaf, Inc.

Federal Tax ID No. 86-0256667
DUNS No. 611923640
CFDA No. 14.231

B. Activity Name.

A New Leaf, Inc. ("Subrecipient") will be responsible for administering the Rapid Rehousing Program ("Activity") in a manner satisfactory to the City of Glendale ("City"), and consistent with any standards required by Emergency Solutions Grant ("ESG") as a condition of providing these funds.

C. Activity Description.

A New Leaf's Rapid Re-Housing Program assists homeless households in regaining permanent housing through rental assistance and case management. The program targets those served at all of the organization's shelter programs, as well as those served by other Maricopa County community service providers. A New Leaf is requesting funding from the City of Glendale to provide short-term rental assistance for Glendale residents who are homeless and demonstrate the ability to maintain housing after Rapid Re-Housing financial assistance has ended. When homeless Glendale households return to permanent housing as soon as possible, the length of time people remain homeless or in shelter is reduced, and the cost to the community is reduced.

D. Address/Specific Location of the Proposed Activity.

438 S. Drew Street, Bldg 1, Mesa, Arizona 85201 U.S.A

E. Geographical Service Area of Activity. If the proposed activity does not provide benefit on a "citywide" basis, provide address, census tract(s), block group(s), and zip code(s) of the proposed activity service area. A New Leaf's services span the Greater Maricopa County area, including both East and West Valley communities. The primary physical locations of services are Glendale and Mesa. The focus of this contract is A New Leaf's Rapid Re-Housing Program, which serves eligible Maricopa County residents regardless of city of origin, with a focus on Mesa and Glendale. The Rapid Re-Housing program is increasing services to Glendale residents through a FY1617 ESG award from the City of Glendale.

F. ESG Objectives. The activities funded with ESG funds will meet the following objective(s):

- Renovation, rehabilitation and conversion of buildings into homeless, emergency shelters or transitional housing for homeless
- Shelter Operating Expenses
- Homeless Prevention
- Rapid Rehousing
- Street Outreach

G. Homeless Definition. Subrecipient will utilize the following method to verify that persons to be served meet the definition of homeless under the ESG regulations:

100% of individuals participating in the Rapid Re-Housing program must qualify as homeless under the HUD definition of homeless (paragraph 1 and/or paragraph 4), and meet the low- to moderate-income requirement.

H. Certifications.

1. The Subrecipient certifies that the activity carried out under the ESG Subrecipient Agreement ("Subrecipient Agreement") will meet the ESG objectives by providing:

Rapid re-housing services to assist homeless households in regaining permanent housing through rental assistance and case management. City of Glendale funding will be used to provide case management and short-term rental assistance for Glendale residents who are homeless and who demonstrate the ability to maintain housing after Rapid Re-Housing financial assistance has ended. 100% of individuals participating in the Rapid Re-Housing program will qualify as homeless under the HUD definition of homeless (paragraph 1 and/or paragraph 4), and meet the low- to moderate-income requirement.

Participants will be eligible for rent assistance for up to three (3) months at up to 100 percent, and may be extended for up to nine (9) months at up to 75 percent, or less 30 percent of the participant's household income, whichever is less, contingent upon quarterly re-assessment and income verification. The maximum financial assistance available in a three-year period for a single adult is \$6,000, a household without children is \$7,000, and a household with minor aged children is \$9,000. The intensity and duration of assistance will depend upon the household's prior experience in housing and each individual's challenges/barriers. Assistance shall not exceed a duration of 30 days while the participant is seeking permanent housing and shall not exceed a duration of 9 months while the participant is living in permanent housing. Rental financial assistance will be managed by HOM Inc. and will be paid directly to the participant's landlord.

2. Subrecipient will align with the Continuum of Care requirements for utilization of a Coordinated Entry system as follows:

- Project accepts referrals from Regional Coordinated Entry System.
- Clients are prioritized by acuity including VI-SPDAT and SPDAT scores as applicable.
- Delivery of Housing Based Case Management for Rapid Rehousing.
- Develop and implement a service evaluation tool to measure the effectiveness of the delivery of services (client satisfaction survey).
- List the documents that will be used to track evaluation of services.

The Regional Coordinated Entry system uses a preliminary assessment tool that is used to assess, refer, and place individuals/families in the appropriate program(s). The initial tool covers only the most necessary questions to assess for interventions such as diversion, immediate shelter needs, housing barriers, and an appropriate housing assignment. Programs can conduct further assessments once an individual/family is actually enrolled in a program. A New Leaf accepts referrals from the Regional Coordinated Entry System. The Coordinated Assessment System is designed to quickly connect clients to the most appropriate resources, while requiring clients to be interviewed and assessed less often, and with more consistent treatment. After clients are referred to an A New Leaf program, A New Leaf Best Practices include the completion of a Full SPDAT and/or VI-SPDAT and Arizona Self-Sufficiency Matrix assessment tools to further determine and track needs and accomplishments, which help Case Managers tailor multiple program facets to meet an individual's/family's needs. To measure the effectiveness of the delivery of services all A New Leaf programs administer a client satisfaction survey upon exit from the program.

A New Leaf currently participates in Valley of the Sun United Way's HEART (Housing, Eligibility, Assessment, and Referral Tool), which streamlines eligibility, assessment and referral for permanent supportive housing in Maricopa County. It includes a database with vital information that connects individuals/families experiencing homelessness to the appropriate type of housing and funding. Also included in the HEART database is a Vulnerability Score to aid in allocating resources to the highest need individuals/families. The Vulnerability Assessment Tool (VAT) measures ten domains: survival skills, mortality risks, organization, substance use, social behavior, basic needs, medical risks, mental health, communication, and homelessness..

3. Subrecipient will measure its performance against the Standards of Excellence and System Performance Measures established by the Continuum of Care in accordance with the U.S. Department of Housing and Urban Development (HUD) guidelines as follows:

- #/% of participants exited to PH destination (of total program entries)
- #/% of participants who have non-cash benefit at program exit
- #/% of eligible participants with successful connections to physical and mental health therapies
- #/% with decrease in acuity at project exit
- #/% of participants who maintain or increase income from program entry to program exit

- #/% successfully gaining or maintaining earned income at program exit-HMIS measured by number of clients with income and income type is earned.

I. Levels of Accomplishment – Goals and Performance Measures. The Subrecipient agrees to provide the following services:

J. Client Eligibility.

Client eligibility is determined by a client's income. Income is determined through completion of the intake application which requires a participant to disclose annual income and family size. Participants must provide proof of income (pay stubs, etc.) to Hom, Inc. during the application process in order to ensure that rent payments are no more than 50% of their income.
2. Client residency will be documented by:

This letter will be reviewed and signed by the Subrecipient's executive director (or authorized signatory). Reimbursement requests will be submitted on a **MONTHLY** basis. (Note: Grants Administration may approve exceptions for quarterly billings on a case-by-case basis. Subrecipient will submit a written request and justification to support the need to bill quarterly instead of monthly.)

If the reimbursement procedures noted above are not followed correctly, the Activity liaison may return the reimbursement request to the Subrecipient for revisions, or hold the request until all reimbursement requirements have been met. This will delay the reimbursement process.
2. **Monthly Report on Accomplishments and Demographics:**
 - 2.1 A monthly demographic report on Glendale residents served, including accomplishments and units of service delivered, will be submitted by the 15th of the following month. Failure to file this demographic report timely could also delay the reimbursement process.

3. **Activity Final Completion Report:**
 - 3.1 **Public Service Activities: Report On "Performance Measures" for Actual Activity "Outcomes."** The report on "Performance Measures for Actual Activity Outcomes," is due by July 31, 2016. The Subrecipient is not required to take measures that would be a cost burden or cost prohibitive to the Subrecipient.
 - 3.4 Efforts to take reasonable steps to provide meaningful access to LEP persons must be documented in the Subrecipient's records and be made available upon request.

- c. Renovation Other than Major Rehabilitation or Conversion. In all other cases where ESG funds are used for renovation, the minimum period of use is 3 years.

18.3 After expiration of the required use period, Subrecipient is free to use the real property for another use without obligation to the City.

18.4 Minimum Standards for Emergency Shelters. Any building for which ESG Funds are used for conversion, major rehabilitation, or other renovation, must meet state or local safety and sanitation standards, as applicable, and the minimum safety, sanitation and privacy standards listed in 24 CFR §576.403(b)(1-11).

20. Federal Fire Prevention and Control Act of 1992. The Fire Administration Authorization Act of 1992 added a new Section 31 to the Federal Fire Prevention and Control Act of 1974. This Section requires that approved smoke detectors be installed in all houses assisted under the Emergency Solutions Grant Program.
