**EXHIBIT "A"**

**EXHIBIT A**  
**SCOPE OF SERVICES**

1. The Scope of Services and the type of records that must be maintained are two elements of a Subrecipient Contract that vary most from activity to activity, and from grantee to grantee.
2. Agencies are required to prepare a Scope of Services, which is incorporated into the Subrecipient Contract with the City of Glendale. Each of the three sections of the Scope of Services (Description, Schedule, and Budget) must provide sufficient detail to permit effective monitoring of Agency's activities.
  - 2.1 Description: The description section details the activities to be carried out by the Agency. It should define the "who, what, where, and how" of the Program. It should specifically describe and quantify the services or products to be provided with City of Glendale funds. Where appropriate, it should specify how the Program will serve the intended beneficiaries.
  - 2.2 Schedule: A schedule is a required part of every Subrecipient Contract. It plays an essential role in the grant management system. The schedule should provide projected milestones and deadlines for accomplishment of tasks, or the delivery of services. These projected milestones and deadlines are a basis for measuring progress during the term of the Subrecipient Contract. For instance, the schedule for a public service activity may specify delivery of a certain number of staff-hours per quarter, or delivery of services to a certain number of persons per quarter. Other programs are likely to be more complex, requiring multiple tasks such as: establishing an office, developing program guidelines, taking applications, providing services to the client, outreach activities, and follow up. The schedule should include time frames for completing each task or activity.
  - 2.3 Budget:
    - a. The budget should provide a detailed presentation of projected revenues and expenses. The preparation of a detailed budget will help ensure that a project is adequately planned, in that, it will identify all expenses that are necessary to carry out the activities described in the program description, and quantify the resources required to cover these expenses.
    - b. The budget permits periodic comparisons of the projected use of funds with actual expenditures, as indicated on the monthly accomplishment reports submitted by the grantee. This comparison enables the City to seek corrective action where significant variations between the budget and actual expenditures are reported.

###

## Scope of Service FY 2011-2012

### A. Program Activity

**A New Leaf, Inc.** ("Agency") will be responsible for administering **Faith House Emergency Shelter Program** ("Program") in a manner satisfactory to the City of Glendale ("City"), and consistent with any standards required by Community Development Block Grant Program ("CDBG") Public Services as a condition of providing these funds. The Program will include the following eligible activities:

Activity #1      Provide services to 16 women & children

The Program offers shelter, crisis intervention, and support services that help battered women and their children to live free from family violence. By providing immediate daily crisis counseling, and up to 120 days of shelter care, the Agency serves as a means for victims of domestic violence to feel protected and supported while they begin the process of rebuilding their lives. The Program is staffed 24-hours a day by trained Support Partners. The staff helps to problem solve role model, advocate, educate and support clients in achieving their service goals. All physical requirements of shelter, food, and safety are ensured for the duration of each client's stay.

Activity #2      Provide 2,160 staff hours quarterly

The Program Support Partners fulfill a variety of duties in assisting with clients' needs and the Program's round-the-clock operations. Their job duties include conducting intakes and assisting with client discharge, answering the shelter's telephone lines, assisting clients in accessing community and other services, helping to facilitate groups, providing advocacy and crisis intervention to clients, and modeling appropriate assertiveness and parenting skills. The Program Support Partners also assist with case management, keeping detailed progress notes on each client and attending regular staff meetings and focus meetings. The Program Support Partners function in endless ways to address the many needs that clients in crisis may have.

Activity #3      Conduct client intakes as needed

Once a client is admitted to the program, a Program Support Partner conducts an in-person intake interview at the facility within 24 hours, including an initial behavioral health and medical questionnaire, exploration of personal resources, program orientation, and identification of any community resources they may need. The Program Manager, Program Supervisor and/or Case Manager review all intake files within 48 hours of admission to ensure all documents are complete.

Activity #4      Complete Individual Service Plans within 72 hours of program admission

Upon admission to the Program, a Case Manager interviews the client, assesses their immediate needs and obtains general information as to what a client would like to accomplish while in the Program. Then, the Program Service Coordinator will initiate a formal written service plan. This service plan will be revised and updated as needed during the term of the service.

Activity #5      Provide advocacy, support and group sessions

Advocacy services are essential to any Program service operation. Most people in crisis need assistance in improving decision making processes and rational thinking that is in the best interest of their loved ones, including themselves. The survival instinct usually takes over, which for the domestic violence victim often means staying in an abusive situation

because other choices do not seem apparent. Taking steps to leave may place the victim at greater risk for more violence.

Clients attend group sessions which assist them to accomplish their goals. Sessions include assertiveness skills training, self esteem enhancement exercises, stress reduction exercises, conflict resolution exercises, problem-solving, parenting skills, communicating skills, understanding healthy boundaries and exploring the healthy expression of feelings. The Program provides the advocacy and life skills victims need to end the cycle of violence and build on the courage it took to leave and not return.

Activity #6 Provide community resource and referral

The Program Support Partners, through referrals and advocacy, routinely assist Case Managers in helping clients to obtain all of the services they need both during their program participation, including housing, food stamps, transportation, employment, medical and child care, etc. as identified in the individual service plan. The Program maintains a cooperative relationship with both domestic violence and other homeless transitional living programs, allowing clients in need of continued support to get immediate help. Staff members provide advocacy services for residents in need of support in dealing with the police, courts or government agencies.

Activity #7 Conduct customer satisfaction surveys quarterly

Client satisfaction surveys are administered to all clients during the quarter they exit the program. These results are tabulated and entered in to the database. The Program Manager and Executive Vice President of the Program analyze these results and provide them to funding sources as required. In addition, results from the client satisfaction survey are reviewed with program staff to enhance program services where needed as well as make necessary improvements.

Activity #8 Tabulate and monitor program outcomes

Indicator data is collected and measured by conducting a client record audit. This data is entered into a database and tabulated on a monthly basis for all clients exiting the Program. Quarterly and yearly totals are tracked and reported to funding sources as required to determine success.

A self-report (follow-up) survey is administered to all clients every 30 days. Those surveys that are returned will have their results tabulated and entered into the database. Results are analyzed by the Program Manager and Executive Vice President.

Activity #9 General Program Administration

Each staff member is responsible for documenting all client contact in the individual files at the end of each shift. The Program Manager and Program Supervisor review client files and individual service plans monthly to monitor service delivery. In addition, each client's progress is reviewed weekly by all personnel during case staffing meetings, then recorded, reviewed by the client, signed, and filed within 72 hours. Specific referrals given to the client are recorded and filed. Service plans developed by the client, Case Manager and Lead Service Coordinator are filed in the client's folder, reviewed by all staff and signed by the Program Supervisor. All group sessions are recorded by the Lead Shelter Service Coordinator, reviewed by the Supervisor and filed in the client's file. Staff must also report any unusual behaviors or circumstances including all emergency contacts, and document them in the client's file as well. Emergency staff is held as needed, and the Program Manager and Program Supervisor are available via cell phone 24 hours daily.

**B. National Objectives**

Eligible Activity:

All activities funded with CDBG funds must meet one of the CDBG Program's National Objectives:

- NATIONAL OBJECTIVE #1 - Benefit low- and moderate-income persons
- NATIONAL OBJECTIVE #2 - Aid in the prevention or elimination of slums or blight
- NATIONAL OBJECTIVE #3 - Meet community development needs having a particular urgency (as defined in 24 CFR § 570.208)

All individuals in this target group are considered homeless because of financial deprivation, victimization or exploitation, and over 90% live at least 80% below the Area Median Income level of the service area. The CDBG funds received from the City of Glendale will assist low and moderate income Glendale residents.

**C. Levels of Accomplishment – Goals and Performance Measures**

The levels of accomplishment may include such measures as units rehabbed, persons assisted, or meals served, and should also include time frames for performance.

The City will monitor the performance of the Agency against goals and performance standards, as stated above. Substandard performance, as determined by the City, will constitute non-compliance with this Agreement. If action to correct such substandard performance is not taken by the Agency within a reasonable period of time, after being notified by the City, Contract suspension or termination procedures will be initiated.

**D. Time of Performance**

F. Define how the Agency will determine client eligibility and how it will determine that it is serving City residents

- Client eligibility will be documented by:

Income is determined through completion of the intake application which requires a participant to disclose annual income and family size. This information is then used to determine their income status. Program data indicates that 100% of individuals served at the Faith House shelter meet the low to moderate income requirement.

- Glendale residency will be documented by:

The percentage of Glendale residents is calculated by dividing the number of participants that identified themselves as Glendale residents at admission by the total number of program participants. The number of Glendale residents is determined by collecting pertinent demographic data at admission. This information is entered on an intake screening form using client management software called Pro-filer. This client management software is able to store and retrieve this information including the city of residence for program participants.

(Note: Grants Administration may approve exceptions for "Quarterly billings" on a case-by-case basis.)

Examples of supporting documentation include copies of timesheets, pay stubs, mileage reports, invoices, statements, receipts, etc.

If the reimbursement procedures noted above are not followed correctly, the program/project liaison may return the reimbursement request to the Agency for revisions, or hold the request until all reimbursement requirements have been met. This will delay the reimbursement process.
3. Monthly Report on Accomplishments and Demographics:
  - 3.1 A monthly demographic report on Glendale residents served, including accomplishments and units of service delivered, must be submitted by the 15th of the following month. Failure to file this demographic report timely could also delay the reimbursement process.

**CONTRACTING WITH SMALL AND MINORITY FIRMS,  
WOMEN'S BUSINESS ENTERPRISES AND LABOR SURPLUS AREA FIRMS**

1. It is a national policy to award a fair share of contracts to small and minority business firms. Accordingly, affirmative steps must be taken to assure that small and minority businesses are utilized when possible as sources of supplies, equipment, construction, and services. Affirmative steps will include the following:
  - 1.1 Qualified small and minority businesses on solicitation lists.
  - 1.2 Assuring that small and minority businesses are solicited whenever they are potential sources, and to the greatest extent possible that these businesses are located within the metropolitan area.
  - 1.3 When economically feasible, dividing total requirements into smaller tasks or quantities so as to permit maximum small and minority business participation.
  - 1.4 Where the requirement permits, establish delivery schedules which will encourage participation by small minority businesses.
  - 1.5 Using the services and assistance of the Small Business Administration, and the Office of Minority Business Enterprises of the Department of Commerce and the Community Services Administration as required.
  - 1.6 If any subcontracts are to be let, requiring the prime contractor to take the affirmative steps in §§ 1.1 through 1.5. Grantees will take similar appropriate action in support of women's enterprises.
  - 1.7 To the greatest extent feasible, opportunities for training and employment will be given to low and moderate income persons residing within the metropolitan area.
2. The above-described equal opportunity requirements are obligations of the City of Glendale because federal funds are being utilized to finance the Project to which this Project pertains.
3. In executing any contract, the Agency agrees to comply with the requirements and to provide appropriate documentation at the request of the City.
