- D. City and Applicant desire to memorialize their agreement with this document.

AGREEMENT

In consideration of the Recitals, which are confirmed as true and correct and incorporated by this reference, the mutual promises and covenants contained in this Agreement, and other good and valuable consideration, City and Applicant agree as follows:

- 1. Reimbursement of Construction Costs and Architectural/Engineer Fees
 - 1.1 Reimbursement Amount. For each approved project on the Property, the City may, in its sole discretion, reimburse Applicant for up to one-half of construction costs for rehabilitation improvements ("Work") and up to one-half of architectural and engineering fees ("Professional Services") with a cap of \$5,000 for Professional Services. The actual reimbursement under this Agreement will not exceed \$4,600 for Work and \$0 for Professional Services, subject to additional amounts that may be approved by the City pursuant to the change order section of this Agreement.
 - 1.2 Eligible Costs. The Work costs eligible for reimbursement include labor, materials, equipment and other contract items necessary for the proper execution and completion of the project as designated in the design and construction drawings and specifications approved by the City. The approved design and construction drawings and specifications are hereby incorporated into and made part of this Agreement.
 - 1.3 Compliance with Federal Requirements. Reimbursement shall be made only for Work completed in conformance with all applicable federal regulatory requirements, which are set forth in Exhibit V and hereby incorporated into and made a part of this Agreement.

- 1.4 Compliance with Zoning and Sign Requirements. As a condition of reimbursement and at all times during the term of this Agreement, the land use and signage under the control of the Applicant shall conform with City zoning and sign code requirements.
- 1.5 Change Orders
 - 1.5.1 If the scope or cost of Work originally approved by the City is modified, Applicant may request an adjustment to the reimbursement amount. No additional amounts will be reimbursed to the Applicant without the City's written approval.
 - 1.5.2 To request an adjustment, Applicant shall submit a written change order request to the Economic Development Department that explains the nature of and reason for the change(s); provides modified design and construction drawings and specifications, if applicable; and provides a detailed explanation of the increased cost for Work or Professional Services.
 - 1.5.3 The City will provide a written response within 30 days of receipt of Applicant's change order.
2. Design and Construction Plan Approval
 - 2.1 Within 120 days of execution of this Agreement, Applicant shall submit the design and construction drawings and specifications for the improvements to the Property to the City Building Safety Department for approval.
 - 2.2 No Work may take place until the City has approved the drawings and specifications.
3. Time to Complete Work

Applicant shall contract for and complete all Work within 180 days from the date the City approves the drawings and specifications.
4. Review of Project

The City's Economic Development Department or designated representative may periodically review the progress of the Work on the Property. This progress review does not replace any required permits or inspections normally required by the City, including the Building Safety Department. Applicant must immediately remedy any Work not in conformance with the approved drawings and specifications.
5. Proof of Work and Professional Services
 - 5.1 Within 60 days of the final inspection and approval of the Work by the City, the Applicant shall submit to the City copies of all paid bills, cancelled checks, contractor lien waivers and receipts showing the full cost of and full payment for all Work and Professional Services.
 - 5.2 No reimbursement will be made for amounts exceeding amounts actually paid as shown on bills or receipts. Failure to timely submit the documentation required by this Section is a waiver of Applicant's right to reimbursement.
6. Failure to Complete Work

If the Applicant fails to complete the Work in conformance with the approved drawings and specifications and all other terms of this Agreement, the Agreement automatically terminates and the City's reimbursement obligation becomes null and void.
7. Extension of Time

The City may, in its sole discretion and upon good cause as shown in writing by the Applicant, extend the time to obtain design and construction approval, to complete construction, or to submit documentation for reimbursement. Extensions will not be valid unless granted in writing by the City.

8. Unrelated Improvements

Nothing in this Agreement is intended to limit, restrict or prohibit the Applicant from performing any other work in or about the Property which is unrelated to this Agreement.

9. Agreement Applicable to Future Owners

This Agreement is binding upon the Applicant and its successors, heirs and assignees.

10. Maximum Grant Awards

A business or property owner may apply for and receive more than one grant. City Council approval is required when the total of the requested funds exceeds \$50,000 within a three-year period.

11. Indemnification

The Applicant agrees to defend and hold harmless the City, its elected officials, officers, agents and employees from and against all loss, damage, claims, suits, proceedings, settlements, judgments, costs and expenses (including but not limited to reasonable attorney's fees, litigation costs and experts' fees), arising or resulting from, caused or occasioned by, or related to the Applicant's obligations, performance and actions taken or not taken or under this Agreement.

I am requesting ~~\$2,904.30~~ - ~~\$4,611.16~~ in grant funding through the VIP program.

The amount of assistance that can be requested is up to 50% of total eligible project expenses, and should be based on the lowest bid. (Example - If the project budget is \$60,000 the maximum amount of assistance that can be requested is \$30,000 - 50% of the total project expenses).

The Applicant should develop the project budget by obtaining at least one bid and talking to local resources in the contract field in an effort to develop a reasonable and accurate project budget. The grant request will be based off of this proposed budget, so it is important that it is accurate and reasonable. The Applicant will work with Community Revitalization to complete the formal bid process.

Please be aware that in order to be reimbursed the full grant award, the Applicant must spend at least 50% more than the grant award on the total project. If that does not happen, the Applicant is only reimbursed 50% of what is spent.

Example: If an Applicant is awarded \$30,000 for a \$60,000 project, but ends up only spending \$50,000 on the project - the Applicant will only be reimbursed \$25,000 - 50% of what is spent. In order to receive the full grant award the Applicant must have documentation that shows that \$60,000 or more was spent on the project.
