**CONTRACT PERIOD**

Coverage under this contract begins at 12:01 am **JANUARY 01, 2015**, and terminates at 11:59 pm **DECEMBER 31, 2015**.

**THIS CONTRACT PROVIDES FOR THE FOLLOWING**

1. Support via e-mail ([tech.support@goserco.com](mailto:tech.support@goserco.com)), telephone support, and on-site service when necessary, 8:00am - 5:00pm (local time) Monday through Friday (excluding holidays). Guaranteed response times as follows: M-F 8AM-5PM MST 2 hours within receipt of call or email. After hours and or "emergency" service calls (not covered under this contract and is billable at the current afterhours service rate) are responded to with 4 hours (only a voicemail, if left, on the on-call technical support personnel phone will be considered an emergency). Leaving a voicemail on the GOSERCO service line and or sending an email is NOT considered an emergency and will be responded to the next business day.
2. Response to requests for technical support or service received between 8:00am - 5:00pm (local time) Monday through Friday, excluding holidays. Calls for technical support or service received during these hours will be handled via telephone and/or remote access first - if it determined by technical support personnel that an on-site visit will be required, it will be scheduled accordingly.
3. Emergency on-site response (typically same day) is considered necessary when two or more channels are not recording. Please note that if any failure to record is determined to be due to some other factor besides the recording equipment (i.e. radio problem, phone problem, etc.) travel and on-site time charges will be incurred at the applicable hourly rates.
4. Parts – please note that due to great variation in customer environments, only two DVD-RAM drives (if installed in the system) per contract year are covered. Additional drives will be replaced at actual cost, with no labor charge. Also, please note that coverage for parts is contingent upon specific environmental and other requirements being met (please see terms and conditions).
5. Manufacturer recommended or required recording application updates (service packs, hot fixes, etc.) In general, recording application updates will be performed via remote access. If updates require upgrading clients, this service may be performed on-site. In the event that a manufacturer releases a no-cost version upgrade of recording application software, such upgrades will be delivered or performed with no labor charge (excluding shipping and handling for upgrade media).
6. This contract provides coverage for the voice logging recorder only. Peripherals (i.e. reproducer workstations, label printers, UPS equipment, etc.) are not covered, unless specified and agreed upon by both parties, and specifically listed on the following page.
