# GE Intelligent Platforms Terms and Conditions

As negotiated

The license of any software, including firmware, ("Software") or sale of any services, or equipment (Software, services and equipment, collectively referred to as "Product") is expressly conditioned upon the terms and conditions contained or referred to herein. Any additional or different terms and conditions set forth in Customer's purchase order or similar communication are objected to and will not be binding upon the GE Intelligent Platforms business providing the Product, whether GE Intelligent Platforms, Inc. or its subsidiary (hereinafter "GE"), unless specifically agreed to in writing by GE's authorized representative. Authorization by Customer, whether written or oral, to furnish Product will constitute acceptance of these terms and conditions.

## 1 Complete Agreement

1.1 These terms and conditions and any other terms and conditions or documents referenced herein, contain the complete agreement between the parties, and no modification, amendment, rescission, waiver or other change will be binding on GE unless agreed to in writing by GE's authorized representative. Any oral or written representation, warranty, course of dealing or trade usage not contained or referenced herein will not be binding on GE. The invalidity, in whole or part, of any of the foregoing sections or paragraphs of the contract will not affect the remainder of such article or paragraph or any article or paragraph of the contract.

1.2 In addition to these Terms and Conditions, the appendices shall apply as follows: (a) the End User License Agreement terms and conditions attached as Appendix A shall apply to the license of any Software, (b) the Remote Monitoring Services Terms and Conditions attached as Appendix B shall apply to the provision of any remote equipment monitoring services; (c) the GlobalCare Support Terms and Conditions attached hereto as Appendix C shall apply to the provision of any software maintenance support and (d) the On Site Services Terms and Conditions attached hereto as Appendix D shall apply to any provision of services performed at a location other than a GE facility.

## 2 Warranty

### 2.1 Software

2.1.1 GE warrants that as of the date of shipment by GE, the GE Software (as defined in Appendix A) will be in substantial conformance with the product documentation or mutually agreed to specifications pertaining thereto. If, within ninety (90) days of date of shipment it is shown that the GE Software does not meet this warranty, and such GE Software is returned to GE with a copy of Customer's purchase confirmation, GE will, at its option, either correct the defect or error in the GE Software, free of charge, or make available to Customer satisfactory substitute software, or, if none of the foregoing is reasonably available, return to Customer all payments made as license fees (or, if applicable, the portion of the fees paid for the GE equipment in which the GE Software is embedded which are allocable to the GE Software) and terminate the license with respect to the GE Software affected. GE does not warrant that operation of the GE Software will be uninterrupted or error free or that it will meet Customer's needs. Third Party Software is only warranted as provided in Section 2.6 below. All other portions of the Licensed Software (as defined in Appendix A) are provided "as is" without warranty of any kind.

2.1.2 GE warrants that the media on which the GE Software is delivered will be free from defects in material or workmanship under normal use and service for a period of ninety (90) days from the date of delivery. If any defects are discovered in the media and reported by Customer within ninety (90) days after delivery, GE shall, at no cost to Customer, upon return of media to GE, replace the media and deliver to Customer a new and complete copy of the GE Software.

2.2 Equipment GE warrants that GE equipment sold will be free from material defects in material, workmanship and title and will materially conform to any specifications agreed to by the parties in writing. If any failure to meet this warranty (excluding any defects in title) appears within one (1) year from the date of shipment of the equipment and Customer returns such equipment to GE pursuant to GE's applicable repair and replacement policy, GE will correct any such failure at its option, (i) by repairing any defective or damaged part or parts of the equipment, or (ii) by making available, FCA Customer's plant or other point of shipment (Incoterms 2010), any necessary repaired or replacement parts. Inbound shipping charges to GE, including associated taxes, duties, tariffs, etc., shall be paid by Customer. Return (outbound) warranty repair shipping charges shall be paid by GE to Customer's destination. If in GE's reasonable judgment such repair or replacing of equipment is not practicable, GE shall refund or credit monies paid by Customer for such products.

2.3 Services GE warrants that services performed will conform to any specifications agreed to by the parties in writing and be performed in a manner consistent with standard commercial practices in the industry. If any failure to meet this warranty appears within ninety (90) days from completion of the services, as applicable, GE will correct any such failure by reperforming any defective portion of the services furnished. If reperformance is not practicable, GE will furnish without charge services in an amount essentially equal to those which, in GE's sole judgment, would have been required for reperformance.

2.4 Conditions of Warranty The warranties and remedies set forth herein are conditioned upon: (i) proper storage, installation, use and maintenance of the Product, the proper design and configuration of the system into which the Product is installed, conformance with any applicable recommendations of GE, and GE's ability to reproduce and observe the claimed defect and (ii) Customer promptly notifying GE of any defects and, as required, promptly making any personnel, Software or computer systems available. Any modification to the Licensed Software by Customer without the express written consent of GE shall void the warranty.

2.5 Remanufactured Subassemblies or Parts Certain products hereunder may contain remanufactured subassemblies or parts which have been cleaned, refinished, inspected, and tested to new-product standards. The warranty for any such product will be as provided in this agreement or any applicable warranty of the third party manufacturer, if applicable.

2.6 Limitations on Warranty GE warrants non-GE manufactured equipment including, but not limited to, personal computers, micro drives, rotary disks, compact flash, cables and accessories, and Third Party Software (as defined in Appendix A) only to the extent that the manufacturer's or Third Party's warranty allows GE to transfer such warranty to Customer. GE will pass through to Customer any such warranties. To the extent any such manufacturer or Third Party fails to provide a pass-through warranty, such equipment or Third Party Software is provided "AS IS" without warranty of any kind and the manufacturers and/or Third Parties disclaim all warranties, whether express or implied, including but not limited to the implied warranties of merchantability, title, non-infringement or fitness for a particular purpose. The manufacturers or Third Parties shall not have any liability for special, indirect, punitive, incidental or consequential damages. Customer's sole remedy for breach of such warranty shall be the remedy offered by and available from the manufacturer or Third Party, if any. GE shall have no liability, whether in contract, tort, negligence, or otherwise, to Customer with respect to non-GE manufactured equipment or Third Party Software.

2.7 EXCEPT AS SET FORTH IN SECTION 3.2, THE WARRANTIES PROVIDED HEREIN ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, WHETHER WRITTEN, ORAL, IMPLIED OR STATUTORY. NO IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE SHALL APPLY. GE DOES NOT WARRANT ANY EQUIPMENT, SOFTWARE OR SERVICES OF OTHERS WHICH CUSTOMER HAS DESIGNATED. The warranty remedies set forth herein provide the exclusive remedies for all claims (except as to title) based on failure of, or defect in, Product provided hereunder, whether the failure or defect arises before or during the warranty period, and whether a claim, however instituted, is based on contract, indemnity, warranty, tort (including negligence), strict liability or otherwise. Upon the expiration of the applicable warranty period, all such liability shall terminate.

### 3 Intellectual Property

3.1 GE shall retain exclusive rights to its Products, intellectual property rights (including copyrights, trademarks, patents and trade secrets), schematics, logic diagrams, and manufacturing processes, and to all modifications thereto funded by Customer, and, if applicable, the Internet Advisory Site (as defined in Appendix B), the Advisory Intelligence (as defined in Appendix B), and the technology used to generate the Advisory Intelligence. GE shall retain ownership in and does not convey, nor does Customer or Customer's final customer obtain any right, title, or interest in, Software, specifications or data furnished or developed by GE either prior to or in the performance of Customer's order. No schematics or source code shall be furnished, unless pursuant to a separate license as agreed by GE. Subject to the performance of its obligations hereunder, Customer shall have a license to use GE's intellectual property rights only as they are embodied in the Products and for no other purpose. Customer shall not modify or reverse engineer the Products.

3.2 GE warrants that any GE equipment sold hereunder or GE Software (as defined in Appendix A) licensed hereunder, and any part thereof, shall be free of any rightful claim of any third party for infringement of any United States patent, copyright, trademark or trade secret. If promptly notified in writing and given authority, information and assistance, GE shall defend, at its expense, any suit or proceeding against Customer based on a claimed infringement which would result in a breach of this warranty, and GE shall pay all damages and costs awarded therein against Customer due to such breach, other than damages and costs arising from any willful infringement by Customer after receipt of notice of the claimed infringement. GE shall not be responsible for any compromise or concession made by Customer without GE's prior written consent. In case any equipment or GE Software is in such suit held to constitute such an infringement and the use for the purpose intended of said equipment or Software is enjoined, GE shall, at its expense and option, either procure for Customer the right to continue using said equipment or Software, or replacing same with noninfringing equipment or Software, or modify same so they become noninfringing, or remove the equipment or Software and refund the purchase price or license fee (less reasonable depreciation for any period of use) and any transportation costs separately paid by Customer. The foregoing states the entire liability of GE for patent, copyright, trademark or trade secret infringement.

3.3 The preceding paragraph shall not apply to any equipment or Software (a) specified by Customer and not of GE manufacture, or (b) manufactured to Customer's design, or (c) to the use of any equipment or Software furnished with other equipment or Software in a combination not furnished by GE as part of the transaction. As to any such equipment or Software, or use in such combination, GE assumes no liability whatsoever for infringement and Customer will hold GE harmless against any infringement claim arising therefrom (including, but not limited to, reasonable attorney's fees).

4.2 In the event GE is delayed by acts of Customer or by prerequisite work by other contractors or suppliers of Customer, GE shall be entitled to an equitable price adjustment in addition to extension of the time of performance.

5 Sales and Similar Taxes. In addition to any price specified herein, Customer shall pay, or reimburse GE for, the gross amount of any present or future sales, use, excise, income, value-added or other similar tax applicable to the price, sale, licensing, or furnishing of any Product hereunder, or to their use by GE or Customer, or Customer shall provide GE with evidence of exemption acceptable to the taxing authorities. If Customer fails to provide GE with requested proof of payment or exemption, GE may pay the taxes due and obtain reimbursement from Customer. Customer shall pay all import duties and registration fees arising from the sale, license or furnishing of any Product hereunder

## 6 Payments and Financial Condition.

6.1 Except to the extent otherwise specified by GE in writing, invoices for Product shall be issued pro rata as shipments are made or services performed. If GE consents to delay shipments after completion of any equipment, payment shall become due, title shall pass and equipment shall be held at Customer's risk and expense as of the date when GE is prepared to make shipment. Unless otherwise agreed to in writing by GE, payment terms are net thirty (30) days from the date of invoice. All payments shall be made without set-off for claims arising out of other sales by GE

6.2 If the financial condition of Customer at any time does not, in the judgment of GE, justify continued performance on the terms of payment previously agreed upon, GE may require full or partial payment in advance or shall be entitled to terminate the contract and receive termination charges. In the event of bankruptcy or insolvency of Customer or in the event any proceeding is brought against Customer, voluntarily or involuntarily, under the bankruptcy or insolvency laws, GE shall be entitled to terminate the agreement at any time during the period allowed for filing claims against the estate and shall be entitled to payment for its termination charges

6.3 Payment shall be made in the currency quoted

6.4 Customer shall pay a monthly late payment charge computed at the rate of 1.5%, or the maximum interest rate permitted by law, whichever is less, on any past due amount for each calendar month (or fraction thereof) that the payment is overdue, and Customer shall pay, indemnify and save GE harmless from any and all costs and expenses of GE's collections efforts including reasonable attorney's fees, and costs associated with compromises and judgments arising therefrom. GE retains a security interest and right of possession in the articles until Customer makes full payment, and Customer agrees to sign documentation at GE's request as reasonably necessary to perfect such interest

7.3 Unless otherwise agreed by the parties in writing, the Customer has sole responsibility for designing and implementing a solution including the Products which will meet all appropriate safety requirements and/or standards.
