Prepared by: Eileen Ouellet

**INDEMNITY** - Vendor agrees, to indemnify the City of Glendale against all claims for damages to persons or property resulting from defects in materials or workmanship. Vendor further agrees to indemnify and save the City of Glendale harmless from any loss, damage or expense whatsoever from any and all claims or demands arising as a result of injuries to persons or damage to property in respect to the delivery of goods or the performance of services hereunder by vendor, including but not limited to claims or demands arising from accidents occurring on the premises of the City of Glendale, whether or not caused by the negligence of the vendor, its agents or employees or the negligence of the City of Glendale, its agents or employees or that of any person, firm or entity. Vendor further agrees to indemnify and save the City of Glendale harmless from any loss damage or expense whatsoever resulting to the City of Glendale from any and all claims and demands on account of infringement or alleged infringement of any patent in connection with the manufacture or use of any product included in this purchase order and upon written request vendor will defend at its own cost and expense and legal action or suit against the City of Glendale involving any such alleged patent infringement and will pay and satisfy any and all judgements or decrees rendered in any such legal actions or suits.

**WARRANTY** - Unless otherwise specified, all items shall be guaranteed for a minimum period of one year against defects in materials and workmanship. During the period, if a defect should occur, that item shall be repaired or replaced by the vendor at no obligation to the City, except where it be shown that the defect was caused by misuse and not by faulty manufacture. The vendor expressly warrants all items to be new, free from defects in design, materials and workmanship, and to be fit and sufficient for their intended purpose. Any sample or model submitted shall create an express warranty

Joe A. Mat 9/11/14  
VICE PRESIDENT  
FULL SPECTRUM ANALYTICS

## Purchase Order

Standard Terms and Conditions, Purchase Order – Revised 04-24-2009

**GENERAL INDEMNIFICATION:** Contractor shall indemnify, defend, save and hold harmless the City of Glendale and its officers, officials, agents, and employees (hereinafter referred to as "Indemnitee") from and against any and all claims, actions, liabilities, damages, losses, or expenses (including court costs, attorneys' fees, and costs of claim processing, investigation and litigation) (hereinafter referred to as "Claims") for bodily injury or personal injury (including death), or loss or damage to tangible or intangible property caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of Contractor or any of its owners, officers, directors, agents, employees or subcontractors. This indemnity includes any claim or amount arising out of or recovered under the Workers' Compensation Law or arising out of the failure of such Contractor to conform to any Federal, State or local law, statute, ordinance, rule, regulation or court decree. It is the specific intention of the parties that the Indemnitee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnitee, be indemnified by Contractor from and against any and all claims. It is agreed that Contractor will be responsible for primary loss investigation, defense and judgment costs where this indemnification is applicable. In consideration of the award of this contract, the Contractor agrees to waive all rights of subrogation against the City, its officers, officials, agents, and employees for losses arising from the work performed by the Contractor for the City.

**WARRANTY** – Unless otherwise specified, all items shall be guaranteed for the minimum period of one year against defects in materials and workmanship. During that period, if a defect should occur, that item shall be repaired or replaced by the vendor at no obligation to the City, except where it be shown that the defect was caused by misuse and not faulty manufacturer. The vendor expressly warrants all items to be new, free from defects in design, materials and workmanship, and to be fit and sufficient for their intended purpose. Any sample or model submitted shall create an express warranty.

**38 IMMIGRATION LAW COMPLIANCE** Contractor, and on behalf any subcontractor, warrants, to the extent applicable under A.R.S. § 41-4401, compliance with all federal immigration laws and regulations that relate to their employees as well as compliance with A.R.S. § 23-214 (A) which requires registration and participation with the E-Verify Program. Any breach of warranty described above is considered a material breach of this Agreement and is subject to penalties up to and including termination of this Agreement. City of Glendale ("City") retains the legal right to inspect the papers of Contractor or subcontractor employee who performs work under this Agreement to ensure that Contractor or any subcontractor is compliant with the warranty described above. City may conduct random inspections, and upon request of the City, Contractor shall provide copies of papers and records demonstrating continued compliance with the warranty described above. Contractor agrees to keep papers and records available for inspection by the City during normal business hours and will cooperate with City in exercise of its statutory duties and not deny access to its business premises or applicable papers or records for the purposes of enforcement of this Section. Contractor agrees to incorporate into any subcontracts under this Agreement the same obligations imposed upon itself and expressly accrue those obligations directly to the benefit of the City. Contractor also agrees to require any subcontractor to incorporate into each of its own subcontracts under this Agreement the same obligations above and expressly accrue those obligations to the benefit of the City. Contractor's warranty and obligations under this Section I to the City is continuing throughout the term of this Agreement or until such time as the City determines, in its sole discretion, that Arizona law has been modified in that compliance with this section is no longer a requirement. The "E-Verify Program" above means the employment verification program administered by the United States Department of Homeland Security, the Social Security Administration, or any successor program.

---

**Responsibilities of Full Spectrum Analytics, Inc.:**

**I. ON-SITE SERVICE**

Unless otherwise stated, on-site response time will not be longer than 48-hours after a service call has been authorized by Full Spectrum Analytics, Inc (FSA). The Service Representative may ask the analyst to try several troubleshooting techniques before opening a service call. The maximum telephone troubleshooting time is one full working day. On-site service calls and travel are unlimited for as long as the account is kept current with FSA. A representative of the Customer's company must be on-site with the FSA Service Representative at all times. Laboratories located beyond 150 miles from a Full Spectrum service hub are subject to a 72 hour response time and extended travel charges.

FSA Service Hubs currently include:

California: Pleasanton, Los Angeles, San Diego  
Arizona: Phoenix  
Texas: San Antonio, Houston  
New Jersey: Princeton  
Illinois: Chicago  
Maryland: Baltimore

Washington: Seattle  
Utah: Salt Lake City  
Colorado: Denver  
Pennsylvania: Philadelphia  
Ohio: Cincinnati  
New York: New York City

**II. PARTS REPLACEMENT**

Non-consumable replacement parts are included in the price of the service agreement. FSA Service Representatives carry a complete line of parts for all electronic, analytical and mechanical failures. If a required part is not available, FSA representatives will place an order and request next business day delivery. FSA reserves the right to use refurbished parts when necessary and applicable. Refurbished parts include, but are not limited to, Mechanical Vacuum Pumps, Electronic Boards, Pneumatic Valves and Turbo Pumps.

**III. CONSUMABLE PARTS**

FSA will not replace or repair any items considered to be consumable, unless otherwise specified in the service agreement proposal. Examples are, but not limited to, injector liners, septa, columns, ferrules, glassware, needles, NPD beads, jets, traps, gas filters, electron multipliers, lamps, cells, filaments, dryers, and reaction tubes, purge & trap water management systems. Consumable parts for TOC analyzers are, but not limited to, peristaltic pump tubing, UV lamps, acid/oxidizer cartridges, glass fittings and glass assemblies. Consumable parts for Dionex IC systems are, but not limited to, suppressors, column and eluant generator cartridges. Sciex/ABI MS consumable parts include PPG standards kit, o-rings, ferrules, TIS nozzle, TIS electrode, ionizer needle, and anti-static foam swabs. Consumables will be provided and installed on a time-and material basis.

**Exceptions**

If you have purchased the Enhanced Service Package (along with a complete validation program) your instrument support will include consumables during a routine repair or preventative maintenance visit to your laboratory. The following is a list of consumable items that will be replaced during a service visit: Wear Retainers, Inlet Cap, Piston Seals, Needle Seats, Rotor Seals, Gaskets, Capillary Seat, Cell Springs, Needle Assemblies, Windows, Pistons, Valves, Seat Assemblies, Spacer FEP & Finger Caps. With the Enhanced Package the following lamps will be replaced once per year only: Deuterium, Xenon and Tungsten lamps.

---

**IV. GOOD FAITH EFFORTS**

FSA makes every effort to continue the repair and maintenance service of instruments that have been deemed "obsolete" by the manufacturer. Over the years, FSA has been successful at utilizing alternate vendors and acquiring replacement parts from our instrument inventory. Unfortunately, due to the age of some instruments, parts are becoming very scarce. Therefore, service agreement support for the following instruments will only be supplied on a "Good Faith Effort" basis; Tekmar LSC-2000, Autocan, Precept, 7000 Headspace, Varian 3400,3800 GC, OI 1010 TOC, OI 4460 Purge & Trap, OI 5200, ELCD, HP/Agilent 1050/1090 HPLC, Agilent 4500 ICPMS, HP 7673A, HP 5971 and 5972 MSD, Sievers 800 TOC and Dionex DX 100/120. "Good Faith Effort" instrument list is subject to change and to further additions

**HP 5971/5972 Analyzer Loaner Program** Due to the lack of availability of replacement parts for the Analyzer including the quadrupoles, FSA will retain ownership of all analyzers and quadrupoles that are replaced under this agreement. When the instrument is retired or taken off contract FSA will return the original analyzer and reclaim the one that was installed into the Customer's instrument.

**V. ENGINEERING UPGRADES**

Engineering upgrades may enhance the performance of the instrument. If the Customer chooses to upgrade an instrument, the Customer will be responsible for purchasing the upgrade kit and contracting FSA for the installation service. FSA will replace items such as computers, printers, software and monitors with the same generation of systems when replacements are necessary.

If system upgrades are required due to obsolescence or unavailability of certain parts, i.e., upgrading to a larger turbo or mechanical pump, FSA may, at its own discretion, cover only that portion of the obsolete part to be replaced. FSA will also cover all the labor costs associated with the replacement of this part. Other components that could be upgraded including software, computers and monitors will be paid for by the Customer.

**VI. PERIOD OF COVERAGE**

Telephone technical support and on-site service calls are provided Monday through Friday between business hours of 8.00 a.m. to 5.00 p.m. local standard time, excluding FSA holidays. Telephone support is limited to the above coverage period and equipment listed on the service agreement.

**VII. MISUSE AND CONTAMINATION**

Failure of instrumentation due to misuse, improper sample introduction or repairs performed by anyone other than an FSA Representative are not covered by this service agreement. Instrument malfunctions as a result of environmental or facility contamination, sample foam-over, analytical breakdown due to active sites in the system are not covered under this agreement. Examples are, but not limited to, the loss of 2-Chloroethyl-vinyl-ether, breakdown of Endrin or DDT and low recoveries of target compounds as a result of a contaminated system. FSA will be available for telephone technical support if an instrument has been contaminated. But parts, labor and travel required to repair the instrument will be charged to the Customer at current list prices.

Specific Customer applications are not covered by FSA. It is the responsibility of the Customer to ensure proper understanding of each analysis, every method and application utilized on the instrument. FSA will verify that the instrument is in working condition according to the manufacturers' specifications by utilizing recommended set points, columns and procedures.

---

**VIII. PREVENTIVE MAINTENANCE EXAMPLES**

**Mass Selective Detectors**

Preventive maintenance (PM) service will be scheduled annually on all the Mass Selective Detectors listed on the quotation. The PM visits will include replacement of pump oils, source cleaning and electromechanical check-out

**TOC Analyzers**

Preventive maintenance (PM) service will be scheduled annually on all the TOC Analyzers listed on the quotation. The PM visits will include replacement of gas scrubbers, permeation dryer tube, thorough cleaning and electromechanical check-out

**Liquid Chromatographs**

Preventive maintenance (PM) service will be scheduled annually on all the Liquid Chromatographs listed on the quotation. The PM visits will include replacement of pump seals, needle seat, purge valve frit, thorough cleaning and electromechanical check-out

**Ion Chromatographs**

Preventive maintenance (PM) service will be scheduled annually on all the Ion Chromatographs listed on the quotation. The PM visits will include replacement of pump seals, piston seals, active mixer filter, valve rotor, thorough cleaning and electromechanical check-out

**Headspace Instruments**

Preventive maintenance (PM) service will be scheduled annually on all the Headspace Instruments listed on the quotation. The PM visit will include sensor cleaning, lubrication of all moving parts, thorough cleaning and electromechanical check-out

**ABI/Sciex Mass Spectrometers**

Preventive maintenance (PM) service will be scheduled bi-annually on all ABI/Sciex instruments listed on the quotation. The PM visit will include a comprehensive series of tests which is recommended by the manufacturer

A detailed listing of services performed during a Preventive Maintenance visit will be provided upon request

***Responsibilities of the Customer:***

**I. INSTRUMENT PREQUALIFICATION**

All instruments are subject to a Prequalification process by FSA personnel prior to the commencement of the service agreement. Instruments must be fully functional according to the manufacturer's operating specifications and able to perform specific analytical test that the Customer requires. FSA reserves the right to not accept a Customer purchase order until instrument(s) have been completely prequalified by an FSA Service Representative. The Customer will be invoiced for all repairs necessary to bring the system up to an acceptable level of performance to both parties

Instruments are also subject to a Requalification process should there be a lapse in the service agreement for more than 15 working days prior to contract renewal. In the event repairs are necessary to bring the instruments to fully functional conditions, FSA will repair the instrument(s) and invoice the Customer separately on a time and materials basis

**II. LABORATORY PERSONNEL**

---

Only adequately trained laboratory personnel will operate the instruments under this service agreement. Laboratory personnel will provide details of all circumstances leading to an instrument failure. Consumable items required to complete the repair shall be provided by the Customer unless Customer has chosen the Pharmaceutical Service Package with FSA.

**III. OPERATING CONDITIONS**

A controlled climate must be maintained, as specified in the manufacturer's operating manual. A reliable power source must be supplied at all times, as per the manufacturers' requirements. Instrument failure(s) due to power fluctuations and or power loss are not covered under this agreement. FSA will repair the damaged instrument(s) and invoice the Customer separately on a time and materials basis.

**IV. RELOCATION OF INSTRUMENTS**

If the Customer finds it necessary to relocate an instrument, they may do so at their own discretion. Repairs required on instruments relocated by the Customer or another separate contractor are not covered. Relocation services are available through FSA on a flat rate or time and materials basis. Malfunctions occurring after the relocation services have been performed by an FSA Service Representative will be covered by this agreement. The required operating conditions apply for the instruments for the new instrument location.

**V. PAYMENT TERMS AND CANCELLATION**

After acceptance of this agreement, payments are due Net 30 days.

Payment plans are available if an acceptable credit rating can be determined and maintained. Delinquent payments will cause delays with technical support and on-site response time. FSA reserves the right to refuse service and/or provide parts under this agreement if the Customer's account becomes delinquent.

Customer may cancel this service agreement with a 30-day written notice. Provided FSA is aware of all service issues or other communications and FSA have been given a reasonable opportunity to correct the problems. In the event FSA has corrected the stated problems and Customer still cancels, Customer will be liable for the remaining balance of the contract price.

Notice of cancellation must be delivered by certified mail or courier. FSA will contact Customer after receiving the notice and will inform Customer of any outstanding balance due for the month(s) that service was provided. FSA reserves the right to cancel this service agreement at any time and shall provide the Customer with a written 60-day notice and inform the Customer of any outstanding balance due for the month(s) that service was provided.

Multi-year contract Customers receives a discount from FSA's standard price. If a multi-year contract is canceled prior to the end of the agreed upon term, the Customer will be liable for the difference between the standard price and the discounted price for each instruments covered, or the remaining contract balance, whichever is greater.

In the event that legal action is necessary by FSA to enforce any part of this agreement, including payment of invoices, FSA shall be entitled to recover all its reasonable attorney's fees and court costs from the Customer to the extent that Customer is found liable for whatever cause of action. However, if Customer is not found liable, FSA will reimburse Customer for all of its attorney fees.

**LIMITATION OF LIABILITY**

FSA's liability under this agreement is limited to repair of the instrument and the replacement of parts as provided for this agreement. It is understood that FSA does not warrant or represent that any equipment owned or utilized by Customer is fit for any particular purpose or method. Any other warranties and representations are hereby expressly denied by FSA and waived by the Customer. In particular, FSA is not liable for the loss of irretrievable data, revenue, profits, any cost to customer or affiliates, loss of employee or consultant time, damages to the facility and/or injury to the Customer, its personnel or third parties caused by the instrument, or any other injuries, property damage or consequential damages, whether due to the failure of the instrument or the services or parts provided by FSA. This agreement does not cover repair of instruments which have been damaged by the intentional or negligent misconduct of Customer's employees or third parties, or by fire, flood, vandalism, terrorism or other acts of violence earthquake or other Acts of God.

FSA is not responsible for any specialized, regulated or non-regulated methods or applications performed on instruments under contract. System calibrations, data acquisitions and or accuracy are the responsibility of the Customer. Archiving and recovery of data from computers and other media are also the responsibility of the customer.

If this service agreement is not renewed after its expiration date, all services previously covered under this agreement will then be provided on a time and materials basis, including repairs being conducted at the time of the expiration of this agreement.

This agreement shall be governed by the laws of the State of California and it is of further covenant and mutually agreed that each party hereby consents to the jurisdiction and venue in the appropriate court of the State of California. The Customer and Full Spectrum Analytics, Inc shall hold each other harmless, defend by counsel reasonably acceptable to, and fully indemnify each other, its shareholders, directors, officers and employees against expenses incurred by the either party in connection with any action, suit or proceeding to which either may be a party to.

By signing below, the Customer accepts all aspects of this agreement and fully understands this document in its entirety.
