Glendale City Prosecutor Recognized for DUI Prosecutions

MADD Awards Work of City Prosecutor Rob Walecki for his Work to Safeguard Glendale Citizens

Glendale, Ariz. —Mothers Against Drunk Driving (MADD) awarded Glendale’s City Prosecutor Rob Walecki with the MADD DUI Enforcement Award last month. Walecki received the award for his work prosecuting thousands of cases against drivers under the influence during his 19 year tenure in the Glendale’s City Attorney Office.

In nearly two decades of prosecuting for the City of Glendale, Walecki has worked closely with the Glendale Police Department and arresting officers to insure successful convictions of impaired drivers. The award also recognized Walecki for his role as a victim advocate and his tireless work to support victims of impaired drivers.

"Mr. Walecki is truly committed to the safety of our community and I am very proud of his hard work enforcing the laws that keep our citizens safe," Glendale City Attorney Michael Bailey said.

"MADD is — at its core — a grassroots organization, and our lifesaving work depends on the dedication and passion of those around the country who serve in a variety of roles," MADD National President, Jan Withers said.

Additionally, Walecki’s commitment to stop impaired drivers extends out of the courtroom. He visits Glendale schools to speak with students about the criminal justice system and has candid discussions about the harmful effects of underage drinking and the results of bad decisions making.
