EXHIBIT A
SCOPE OF SERVICES

1. The Scope of Services and the type of records that must be maintained are two elements of a Subrecipient Contract that vary most from activity to activity, and from grantee to grantee.
2. Agencies are required to prepare a Scope of Services, which is incorporated into the Subrecipient Contract with the City of Glendale. Each of the three sections of the Scope of Services (Description, Schedule, and Budget) must provide sufficient detail to permit effective monitoring of Agency's activities.
 - 2.1 Description: The description section details the activities to be carried out by the Agency. It should define the "who, what, where, and how" of the Program. It should specifically describe and quantify the services or products to be provided with City of Glendale funds. Where appropriate, it should specify how the Program will serve the intended beneficiaries.
 - 2.2 Schedule: A schedule is a required part of every Subrecipient Contract. It plays an essential role in the grant management system. The schedule should provide projected milestones and deadlines for accomplishment of tasks, or the delivery of services. These projected milestones and deadlines are a basis for measuring progress during the term of the Subrecipient Contract. For instance, the schedule for a public service activity may specify delivery of a certain number of staff-hours per quarter, or delivery of services to a certain number of persons per quarter. Other programs are likely to be more complex, requiring multiple tasks such as: establishing an office, developing program guidelines, taking applications, providing services to the client, outreach activities, and follow up. The schedule should include time frames for completing each task or activity.
 - 2.3 Budget:
 - a. The budget should provide a detailed presentation of projected revenues and expenses. The preparation of a detailed budget will help ensure that a project is adequately planned, in that, it will identify all expenses that are necessary to carry out the activities described in the program description, and quantify the resources required to cover these expenses.
 - b. The budget permits periodic comparisons of the projected use of funds with actual expenditures, as indicated on the monthly accomplishment reports submitted by the grantee. This comparison enables the City to seek corrective action where significant variations between the budget and actual expenditures are reported.

EXHIBIT B
BILLING AND REPORTING INFORMATION

1. This section is very important to the expeditious processing of your Agency's request for reimbursement. Please carefully follow the summary of reimbursement requirements listed below.
2. Monthly Billings:
 - 2.1 A letter requesting reimbursement of expenditures must be prepared on the Agency's letterhead. This letter must be reviewed and signed by the Agency's executive director (or authorized signatory). Reimbursement requests must be submitted on a **MONTHLY** basis, as stated in Exhibit A, Scope of Services. (Note: Grants Administration may approve exceptions for "Quarterly billings" on a case-by-case basis.)
 - 2.2 The Program/Project Budget spreadsheet summarizing monthly and year-to-date expenses must be prepared and submitted with each request for reimbursement. This report should also account for other resources utilized under this activity.
 - 2.3 Copies of all supporting documents must be submitted with the reimbursement request. The Agency will work closely with the Program/Project liaison to establish the specific documentation requirements for this contract. Examples of supporting documentation include copies of timesheets, pay stubs, mileage reports, invoices, statements, receipts, etc.
 - 2.4 The City's reimbursement process takes approximately two to three weeks to complete. (The first reimbursement request can take a little longer to process.) If the reimbursement procedures noted above are not followed correctly, the Program/Project liaison may return the reimbursement request to the Agency for revisions, or hold the request until all reimbursement requirements have been met. This will delay the reimbursement process.
3. Monthly Report on Accomplishments and Demographics:
 - 3.1 A monthly demographic report on Glendale residents served, including accomplishments and units of service delivered, must be submitted by the 15th of the following month. Failure to file this demographic report timely could also delay the reimbursement process.
 - 3.2 Specific formats to be used for reimbursement requests/performance reports are attached. These formats must be used by the agency unless otherwise authorized.
4. Activity Final Completion Report:
 - 4.1 Public Service Activities: Report On "Performance Measures" for Actual Activity "Outcomes." The report on "Performance Measures for Actual Activity Outcomes," is due by July 31, 2012. This report is to identify the "actual outcomes" produced by your activity over the past Program year. "Actual Outcomes" will be measured by and against the "proposed outcomes and performance measures" that were established by your agency at the beginning of the Program year.
 - 4.2 Physical Improvement Activities: Report On "Performance Measures" for Actual Activity "Outcomes." The report on "Performance Measures for Actual Activity Outcomes," is due 30 days after completion of the physical improvement activity. This report is to identify the "actual outcomes" produced by your activity after completion of the physical improvement activity. "Actual Outcomes" will be measured by and against the "proposed outcomes and performance measures" that were established by your agency at the beginning of the Program year.
