2. Delivery of Recyclable Material.

2.1 Recyclable Material Delivered.

- A. Wickenburg shall use its best efforts to ensure that all materials delivered to the Facility shall constitute only Acceptable Recyclable Material. Glendale shall have the right to refuse to accept Unacceptable Recyclable Material at the Facility. Wickenburg will be charged the fees established in Section 3.3 below.
- B. Wickenburg and Glendale recognize that although waste tires with or without rims constitute Unacceptable Recyclable Material, they may on occasion be mixed with Acceptable Recyclable Material without Wickenburg's knowledge or intent. In such event, waste tires will be handled by the Facility. However, should the receipt of such Unacceptable Recyclable Material become a regular occurrence or burden on the Facility, Wickenburg will review its waste collection or recycling procedures and attempt to eliminate waste tires from its materials to be delivered to the Facility. If Wickenburg's procedure review and any waste handling or mixing change does not resolve the problem, both parties agree to make a reasonable effort to resolve the problem.

2.2 Weighing of Recyclable Material.

- A. Each vehicle delivering Recyclable Material shall have a vehicle identification number permanently and conspicuously displayed on the exterior of the vehicle, so that such number is readily visible by the weigh scale operators. Wickenburg shall provide a certified tare weight for each such identified vehicle. All incoming Recyclable Material shall be weighed and recorded. From time to time, the Parties may require revalidation of the tare weight of any vehicle or re-weighing of unloaded trucks. Wickenburg, at no extra cost, shall have the right to monitor the weighing of all vehicles delivering Recyclable Material to the Facility.
- B. Glendale shall maintain the weighing devices at the Facility for the purpose of providing its services hereunder. Glendale shall test and recalibrate the scales at least once each quarter, or more often, if necessary, or required by the Arizona Department of Weights and Measures. Calibration records shall be available for inspection by Wickenburg.
- C. In the event the scales become temporarily inoperable due to testing or malfunction, Glendale shall estimate the weight of Recyclable Material delivered to the Facility on the basis of truck volume and historical data obtained through operation of the Facility. These estimates shall serve as official records for the duration of the scale outage. Glendale shall use its best efforts to ensure that no such period of inoperability exists for more than five consecutive days and, in the aggregate, not

more than 15 days in any 30day period.

- D. To expedite turnaround time at the Facility, Wickenburg will use the automated, unattended scale system (commonly referred to as the Radio Frequency or RF Scale). Glendale will provide Wickenburg with a summary of all transactions on a monthly basis as specified in Section 3.1. Information on specific transactions or a daily report will be generated upon request.

2.3 Vehicle Turnaround Time. Under normal conditions, each and every vehicle delivering Recyclable Material to the Facility shall be able to enter the Facility, unload and exit the Facility within a period of no longer than 20 minutes. The parties agree, however, that during bad weather conditions, such as heavy rain delays beyond the control of the Facility may occur. The average period of no longer than 20 minutes is based on the use of the unattended scale system and an average period of no longer than 8 minutes to unload the Wickenburg vehicles. Glendale shall provide experienced staff at the Facility to direct incoming drivers.

2.4 Delivery Vehicles. Recyclable Material may be delivered to the Facility in a variety of vehicles including, but not limited to, side-loading collection trucks, rear-loading collection trucks, front-loading collection trucks, tractor-trailers with walking floors, open top and closed roll-off containers, compactors, and other open or closed vehicles. The Facility shall be equipped to receive all vehicles that can be lawfully used to transport Recyclable Material.

2.5 Hot Loads. In the event that a Wickenburg vehicle dumps a Hot Load, Wickenburg agrees to pay the reasonable costs incurred by Glendale for the handling of that Hot Load. Such cost may include, but are not limited to, costs related to response by public safety personnel, and cleanup and disposal costs related to the non-conforming material.

2.6 Procedure for Handling Unacceptable Recyclable Material. Unacceptable Recyclable Material detected before it is tipped at the Facility disposal area shall not be unloaded from the delivery vehicle. If Unacceptable Recyclable Material is detected after it has been unloaded, Glendale shall promptly set aside or isolate the material. Glendale will notify Wickenburg and provide Wickenburg with an opportunity to either remove the Unacceptable Recyclable Material within eight (8) working hours (provided the waste material does not pose an immediate danger) or instruct Glendale to contract for the removal of the material and invoice Wickenburg for the removal cost.

3. Statements, Records, and Auditing.

3.1 Monthly Reports, Weight Tickets, and Monthly Reconciliation.

- A. Glendale shall deliver to Wickenburg within ten working days after the end of the month, an electronic monthly report that shall specify the number of tons of Recyclable Material received during the previous month. The report will provide a summary of the previous month's weight tickets for all Recyclable Material received each day at the Facility, including transaction number, truck number, date, time, material type, net tons and total fee. Because the unattended scale system will be used by Wickenburg vehicles, weight tickets will be provided to drivers only upon request.
- B. Any weight that has been determined by estimate as described in Section 2.2(C) above shall be noted on all records of such weight.

3.2 Recordkeeping, Accounting and Auditing.

- A. Glendale shall keep and maintain complete and detailed records related to the delivery of Recyclable Material and Unacceptable Recyclable Material and records providing the basis for the invoicing requirements under this Section including: (1) tonnage of Recyclable Material delivered by Wickenburg to the Facility; and (2) quantities of Unacceptable Recyclable Material and the disposition of such material including the character of the Unacceptable Recyclable Material the date, time, and vehicle identification of each vehicle; and (3) Glendale shall further keep and maintain accurate and complete accounting records and vouchers evidencing all costs, receipts, payments and any other matter of accounting associated with their performance under this Agreement in accordance with generally accepted accounting principles.
- B. Glendale will perform a material and/or waste audit on the first sixty (60) tons of recyclable material delivered by Wickenburg to the Facility so as to establish a baseline for the percentage of recoverable material and/or waste contained in the recyclable material delivered by Wickenburg. Subsequent audits of the delivered material will be conducted on a quarterly basis or as deemed necessary by the Facility.
- C. Wickenburg, or its audit representative, shall have the right at any reasonable time to inspect, copy and audit the records, accounting records, vouchers, and any source documents which serve as the basis for charges for: (1) Recyclable Material; (2) Unacceptable Recyclable Material tonnage, and (3) Sold Recyclable Material (the "Accounting Records") The Accounting Records shall be available for inspection and audit for a period of three years following the termination of this Agreement, or seven years from the date such Accounting Records were first created, whichever comes first.

3.3 Disposal Fees.

- A. The disposal fee for non-recyclable items processed at the Facility will be waived, as long as the amount of non-recyclable material does not exceed thirty (30%) by volume of the delivered load. Loads delivered to the facility containing non-recyclable material in excess of thirty (30%) by volume will be determined to be "waste" and billed at the posted landfill gate rate of \$32.25 per ton.
- B. This disposal fee may be adjusted at any time to reflect any adjustments of, changes to, or additions to Federal, State or County taxes, fees or levies assessed on the Recyclable Material The Town of Wickenburg will be notified in writing at least 60 days in advance of any adjustments to the disposal fee.

3.4 Compensation.

- A. Glendale will compensate Wickenburg for "Recovered Material" sold by the Facility based on the "Blended Rate" of the material sold during the month of sale. Glendale will compensate Wickenburg a percentage of the total revenue of the recovered material based on the following chart:

Monthly Facility Blended Rate	Town of Wickenburg Revenue Percentage
\$120 or less	15.00%
\$120.01 to \$150	19.00%
\$150.01 to \$180	23.00%
\$180.01 and up	27.00%

- B. Tonnages will be tracked as outbound trucks of recovered recyclable material pass through the scale at the Facility and Wickenburg will be compensated at a percentage of the blended rate per ton as outlined in Section 3.4.A above.

4.1 Term of Agreement. The term of this Agreement shall begin on the effective date of July 1, 2013, and shall continue thereafter until June 30, 2016. This Agreement may be extended on terms and conditions acceptable to both Glendale and Wickenburg with two optional one-year extensions, unless terminated pursuant to Section 4.2 below.

4.2 Termination.

- A. Notwithstanding the provisions of Section 4.1 above, Wickenburg may terminate this Agreement without cause at any time, with 180 calendar days written notice. Wickenburg shall pay all outstanding invoices for fees for materials deposited. Glendale shall compensate all monies due for Recovered Materials

This Agreement is subject to the provisions of Arizona Revised Statutes § 38-511, as replaced or amended, and may be canceled, without penalty or further obligation, by either Party if any person significantly involved in initiating, negotiating, securing, drafting or creating this Agreement on behalf of either Party is, at any time while this Agreement or any extension of this Agreement is in effect, an employee or agent of any other Party to this Agreement in any capacity or consultant to any other party of this Agreement with respect to the subject matter of this Agreement.
