**PROBLEM IDENTIFICATION AND RESOLUTION:****Agency Background:**

Glendale, Arizona's fourth largest city is the commercial, industrial, and educational hub of the northwest Phoenix metropolitan area. Currently, Glendale has an ever-growing estimated population of 230,000 people; with over 95,000 households. The City of Glendale is the home of the Phoenix Coyotes and Arizona Cardinals professional sports teams, as well as the new Camelback Ranch Major League Baseball Training Facility, home of the Los Angeles Dodgers, and Chicago White Sox. The City of Glendale has approximately 70 square miles of roadway that consist of residential streets, main arterial roadways, and several miles of freeway. Glendale has a 14 mile stretch of the Loop 101 Agua Fria Freeway that borders our north and west portion of the city and the entertainment districts.

**Agency Problem:**

The Glendale Police Department implemented a full-time DUI enforcement squad in March, 2004. They have since increased the squad from the initial 3 officers to a full squad of 7 with a dedicated sergeant to oversee the operations. They have increased their DUI arrests by over 100% in the seven years since. With the addition of a mobile DUI processing van in 2006 to aid in faster processing of impaired drivers, the officers are back out for enforcement in a timely manner. In addition to DUI detection and enforcement, the squad is also tasked with youth alcohol enforcement and education, DRE evaluations, phlebotomy callouts, and liquor inspections. With the expansion of the unit, they have increased their areas of involvement. The squad participates as a member of the Arizona/West Valley DUI task force as well. The city continues to grow in size as does the population. This has a direct impact on their efforts.

This innovative program allows them to approach the problem of impaired driving from a different angle. By having contact with potentially impaired drivers prior to their actual driving, they will deter the potentially life-threatening behavior before it happens. The program affords them the opportunity to have consensual contact with potentially impaired drivers, have them voluntarily submit to a portable breath test, and provide them with the results indicating their level of impairment. In addition, they are provided with the potential fines and subsequent jail time should they choose to operate a vehicle in their current state and be stopped by law enforcement.

Even with the strict DUI enforcement conducted by the Glendale Police Department's DUI Motor Squad, they are not able to contact every impaired driver on the roadway. Their goal with the "Know Your Limit" program is to reduce the number of impaired drivers on the roadways of Glendale by 50% on the nights they conduct "Know Your Limit" Education. Ultimately, they hope that with each educational contact, they are able to change a behavior pattern in potentially impaired drivers forever.

**Agency Attempts to Solve Problem:**

The Glendale Police Department has been an active member of the West Valley DUI Task Force, a branch of the Arizona DUI Task Force, since the DUI Squad's inception in 2004. Glendale has been considered the "hub" of the west valley due to the size of the city and the number of officers focused on DUI enforcement. There are ten agencies involved in the West Valley DUI task force which include Glendale, Peoria, Goodyear, Surprise, Tolleson, El Mirage, Avondale, AZDPS, Phoenix, and Buckeye. The Traffic/DUI squad supervisors meet once per year to map out the events for the year. Each agency will choose dates throughout the year and agree to host a Task Force event (saturation patrol), and officers and supervisors from the other west valley agencies meet in the host agency's jurisdiction to assist. This, in turn, becomes a collaborative effort amongst all of the west valley police agencies as well as the Governor's Office of Highway Safety. Statistics from each event are reported to GOHS. A database is available online

to any and all of the involved agencies to report statistics, and also to refer to for individual city statistics. This funding allows the Glendale Police Department to continue their involvement in the West Valley DUI Task Force, attend all of the scheduled events, and continue the high level of DUI detection and enforcement within the City of Glendale and the West Valley.

This will be the second year the Glendale Police Department will attack the growing problem of impaired driving through a proactive approach aimed at educating potentially impaired drivers as the leave entertainment areas, prior to taking control of a vehicle. This program was highly effective this past year, and received both state and national attention.

**Agency Funding:**

State DUI Abatement (I) funds will support Personnel Services (Overtime) and Employee Related Expenses to enhance DUI Innovative Program and Education throughout the City of Glendale.

**How Agency Will Solve Problem With Funding:**

The Glendale Police Department DUI Enforcement Unit will continue its role as the hub of the West Valley DUI Task Force. Pro-active enforcement efforts will be increased and the police department will continue to be vigilant in the fight against driving under the influence. Officers will continue to conduct pro-active patrols during hours outside of normal shift hours, and on weekends and holidays when DUI violations are more prevalent. The Glendale Police Department will continue to plan, host, and participate in focused efforts to identify impaired drivers and remove them from our roadways before they hurt themselves or others.

The Glendale Police Department's DUI Motor squad will conduct twelve to twenty four (12-24) "Know Your Limit" Program nights during days/nights of peak activity through January 30, 2017.

On nights in which the "Know Your Limit" Program is deployed, Glendale PD expects to see a 50% decrease in the number of impaired drivers leaving the entertainment districts of Glendale.
